N°. 6. [*First few lines of this letter lost*] 3^{d}. Instant sent by a Moors Ship one Robinson Pylate, since which he have rec^{d}. yours by Cossids to Vizagapatam and thence forwarded to us by fresh Peons who arriv'd but the 10th. Instant, they are directed to the former Governour Pitt, and as so we judge them to be of a Stale date which are not yet open'd as being busied in y^{e}. dispatch of y^{e}. Kent which we have done this day full Loden wth. a Cargo Am^{ts}. too as ℔ Invoice Pagod^{s}. 98786. 15. 1.

Our Letters from Vizagapatam which are accompanied your Packett are of y^{e}. 14 December last by which it seems your Cossids were a longtime by the way which is worth enquiring into.

The Soñers we have to day sent to ffort S^{t}. David to be Laden there for England whom we hope to dispatch by the end of this or beginning next month, but the Kent Left us no bales now, to Lend as the [R^{t}. Honble] Comp^{a}. have directed.

[. . .] pain what [. . .] is become of y^{e}. Loy [all Cook y^{t}.] arriv'd with [. . .] probably some were [*a few lines lost*] April before the recovery (so long massing) arriv'd safely with you at Bengall, we wish since it is no better that y^{e}. [. . .] may have no worse fate.

The two S^{t}. Mallows ffrench Ships arriv'd att Pondicherry y^{e}. 8th. Instant, these small Ship they left at Junkcilon trading amongst those Islands all y^{e}. 3 ffrench Ships with their Dutch prize arriv'd at the aforesaid place, about y^{e}. Latter end of Novemb^{r}. last having lost their Passage to Morgy amongst those Islands, they mett Cap. Alexander Hamilton on a small Vessell whom they took and made prize, her Cargo they left with Capt. of their small Ship to go a tradeing with amongst those Islands, as aforesaid they Sunk Capt. Hamiltons Small Vessell and told him their Dutch prize, for payment of wch. he gave the ffrench Bills drawn on the President and Council of Fort S^{t}. George alledgeing we were possess'd of y^{e}. Estate of M^{r}. Maxwell [. . .] who was a considerable Debt^{r}. to him [*a few words lost*] ballance of acc^{ts}. between them of w^{ch}. [*a few words lost*] any, we never have penny [*a few lines lost*] should make the aforesaid demand of payment of you.

We have this ill news from Mr Gassell, which ends in his own misfortune of having been cast away on one of the Easter most Islands of the Nicombarrs the 29th. of July last, whence he got to Junkcilon in an open Boat with 6 persons more the Capt. Hamilton and y^{e}. Dutch prized y^{e}. ffrench told him upon the Creditt of his Bill as has been laid, on which he took his passage to Dew's point on this Coast and thence upon an open Boat to Pullicatt, & thence here by Land and arriv'd Yesterday a sad spectacle a mere skelledton (*sic*), and a walking Chest and that is all that remains of him and that Voyage.

On the 12th. Novemb^{r}. last we sent you overland the Honble. Comp^{as}.; Packett directed to you and now by the Hallifax we send you another of the same in which Packett from England we suppose you'l find a General Letter severally, [*a few words lost*] the old and new Company to all their servants in India ordering all acc^{ts}. Debts.

and Creditts of y^{e}. $Comp^{a}$. to be brought into the stock of the United trade and that all Debts owing by either $Comp^{as}$. new and old as Separate shall be paid out of y^{e}. United Stock.

We have Laden on the Halifax which goes consign'd to you a stock consisting of Lead, Bales of Broad Cloth and treasure to the am^{tt}. of as ℘ Invoice Pagodas
fas.
169846. 2. pray hasten her being unladen so soon as it pleases God to arrive here safely wth. you, so as she may be timely return'd to us with Salt petre 1200 baggs and filled up with good Sound Rice.

Pray advice us the price of Lead and Broad Cloth ord^{ry}. with you, being we have no more Broad Cloth left in our Goedowns, We shall have ab^{t}. Rup^{s}. 300,000 Left which we intend to send if the Companies Affairs require it and that you meet wth. no trouble to hinder your investing the Same.

Capt. George Wooley an inhabitant of this place complaines to us that you have forced him to pay you Rupees 40 for Acc^{tt}. Tonage of his small Vessell notwithstanding he produced to you the Late Governour Pitt's pass for his intended Voyage which begun here and that his said pass was to continue in full force till his return back hither again, pray state this case plainly between us, we apprehending not to be y^{e}. Companies meaning that any Ship belonging to this place shou'd be obliged to take two passes that his one here and another from you for one and the same Voyage, [pray. . .] Secretaries fees especially as to passes and what part the Secretary has.

Since writing the foregoing here are arriv'd advices from Pondicherry to the Trustees & a Humeys of y^{e}. Late president Pitt as also Captain Hamiltons Letter to said President being a narrative of the manner how he was taken by the ffrench S^{t}. Mallows Ships, and their civil and kind usage of him they have likewise set his severall bills of Exchange given them by the said Capt. Hamilton on President Pitt only due and payable next August when Captain Hamilton beleives President Pitt may have effect of M^{r}. Maxwell in his hands sufficient to pay said bills, when indeed it does not appear that M^{r}. Maxwell has dyed any otherwise than insolvend (*sic*).

The bills are three 3 or 4 bills, all of one tenor and date for Rupees 4400 for the Dutch prize Sold him which was Condemn'd before at Pondich[erry] and this is payable next August to their order.

There are two other bills each of Rupees 300 payable to each of the two ffrench Capt. in all Rupees 5000.

Now [. . .] that president Pitt now being in the place th [*two lines lost*] Nation will pay the Said bills but then you must oblige Capt. Hamilton to make over his Said Dutch Ship with all her Store and appurtance to the Gentlemen that pay and discharge his bills, as you'l find in a Letter a part to your Selves, from y^{e}. said Gentlemen, and Capt. Hamilton must not run to and again from Bengall to Mallacca and amongst the Islands on pretence of recovering some old Debts and thereby run y^{e}. hazard of himself, Ship, and all as you'l hear from y^{e}. $Gentlem^{n}$. themselves, who will send you their orders accordingly and pray'd us and yor. selves to assist them therein.

Batavia Arrack some time is Cheap will you as we beleive it may be now there being so many Dutch Ships from Batavia at your Port we wish you would send us up some three or four Leagues for the use of y^{e}. Garrison it being very dear here at present.

We send you Copie of a Letter rec^{d}. last night overland from Anjengo which give us y^{e}. good news of y^{e}. Loyal Bliss having been as high as Carwarr on the 18th. November last departed thence for [. . .] Port &c Ships arriv'd on that Coast [. . .] Letter we referr.

We now return you upon the [*a few words lost*] Serjeants and 20 Soldiers we [*two lines lost*] for 30 days and have paid them to the pmo. month ffebruy. next we are.

No. 7 In our last we omitting advising your bill of Exchange for pagods. 6000 which we accepted and is hence paid Yesterday we recd. yours the 14th. Currant and wonder much that in this fair Season & dry weather you have not more bales ready, nor do you advise what brown Cloth, bales you have secured and embaled since we gave you timely notice for so doing.

The ℘'sidt. when he left yor. place on the 30th. Octobr. last there remain'd then in your Goedowns 350 bales, which Mr. Farmer &c. increasd to 470 and now your last advices makes no more than 569 bales thus for you seem'd to have the advantage of us here as that att ye. time ye. Presidt. arriv'd here on ye. 2d. Novembr. last the Heathcote had not left us so much as one bale of any Sort of white Cloth in our Goodowns and thô you have more washers in number then we have here yet we made it our endeavour to dispatch ye. Kent a full Laden Ship thô we had the same hindrance as you Complain of as to ye. Paines.

We shall dispatch to you to-morrow God willing a Boat belonging to Colloway Cheety called Borin Vyagio with 107 bales white and brown as also 3 bales of paintings all marked on ye. reverse side with Malla bair Letters, the Yandell's name of ye. said Boat is Mutandu we shall Send you the Warehousekeeprs. You must cooperate with us by all y^{e}. ways and means possible to send home y^{e}. Soñers timely a full Laden Ship else it will be a Severe reflection on yours as well as our management and there will not be wanting such as will say y^{e}. Companies affaires would be better done by other hands, lett your effectuall endeavours return back their mistakes.

There is one Henry Williams who came out upon the ffrederick, and is now ye Governour Servant he makes his application to us that having supply'd Severall of y^{e}. Souldiers that came out upon y^{e}. Frederick in their great need and want with Clothes as ⅌ inclosed acc^{tt}. their Severall bills promising payment for the Same are left in the hands of M^{r}. N°. 9 Our last of y^{e}. 18th. Currant wherein we advised and promised our utmost endeavours to assist you what we can in the since tis dispatch of y^{e}. Somers a full Laden Ship which we hope may be done if Capt. Peacock does not insit[s] precisly & exactly, as to the point of time he limits himself to, as by this paper deliverd us here in Consultation some days before he went hence, and we hope so good a man as we beleive Captain Peacock to be, will not stand upon such a nicety when he knows we here are doing our utmost, and we desire do no[more] of you but to follow us in what we prescribe here in which hitherto you have failed otherwise how comes it to pass that we have made more white Cloth bales here than you have att your place when you were so much before hand with us as adviced in our former, however we shall still continue to assist and send you by Boats all y^{e}. bales we can, which pray acquaint Capt. Peacock of the better to keep him in[ta]ct.

This comes by M^{r}. Raworth who brings y^{o}. our [charter] for establishing Don Simon D'Costa of y^{e}. Theatin order [...] in both Churches of Cuddalore and Jeffnapatam, and removing the present Incumbant as ℘ our Consultation of Instant but if he is inclin'd to go to y^{e}. West coast in the Spirit and Zeal he has for the Cure of Souls he may but if he does not we think he has neither.

Notwithstanding of what we have wrote you formerly as to the ffront or preamble of our Invoice of y^{e}. Soñers, we wou'd have wrote in this manner following Viz^{t}.

That all the Bengall goods as also all y^{e}. Madrass goods be said to be Laden on board by y^{e}. President and Council of Fort S^{t}. George which when all of both places are finished, then in y^{e}. self same invoice you are to write to ffort S^{t}. Davids goods Laden on board Somers by the Governour &c Council there by ord^{r}. of y^{e}. President and Council of Fort S^{t}. George, and you are likewise to observe y^{e}. same method as to your bills of Landing for England.

Just now y^{e}. President hath rec^{d}. a particular Letter from a certain ℘'son of your board wch. asks our Leave for sorting and embaleing of Long Cloth brown, when indeed we order'd the same Severall dayes ago, as ℘ ours to you of y^{e}. 8th. Instant which you confess to have rec^{d}. as by your answer to us, it's strange that they should be done so carelessly as not to have either thought or reflection.

It was you so seldom writing made us beleive you were so intent in geting bales enough ready As that we were willing to excuse your silence on that acc^{tt}. but it lead us into that fatal mistake of advising y^{e}. Company by the Kent of your having a Lading ready by that time y^{e}. Soñers should be sent you.

Pray prize the last Contract made with your Merchants on the 19th. Octob^{r}. last in wch. they oblige themselves to bring in 25000 pagod^{s}. in goods, by y^{e}. last of Decemb^{r}. and 15000 pagod^{s}. in goods by the fifteenth Current, nor can you plead your business was any wayes crampt through want of mony to pay your merch^{ts}. since we readily pay'd all your bills drawn upon us as soon as they became due.

The case thus stated between you & us we desire to know what cause or reasons you can give for so great a dispointm^{t}. as makes us repent the Sending you the Soñers so early, we have the Calculate brought us by M^{r}. Harrison y^{e}. 19th. past which was a quantity of all sorts upwards of 800 bales since which your business

seems to have gone retrogarde rather than progressive, but we are quit a weary of this unpleasant Subject and Leave it, least you shou'd think we are not what we yet really (tho' disoblig'd.

Yesternight between the Hours of 10 and 11 arrivd here, Peons from Vizagapatam who brought us the Surprising News from the Councill of Managers at Bengall of the Honble. Companies affairs there not only being imbroyld but likewise in very great danger as appears by their Gen^ll. Lett^r. of the 5 Currant Copie of wch. comes herewith, the originall was sent by the Mary Bowyer belonging to the Company purposely to advice us and assist them wth. w^t. Millitary forces wee can spare, but by Calmes, Currants, and Contrary Winds was forc'd to put in at Vizagapatam where the Cheif there thought it most advisable to send the Packett overland as aforesaid wherefore were wishes of any avail wee cou'd heartily wish upon the Extraordinary occasion that the Sommers were not yett dispatch'd, which if wee are yet so happy as that this may find him therewith [you], & tho' his time of staying in India be Expir'd this Day, yet wee wou'd have you concert matters with him so, as to prevail with him and ingage him upon the terms of a New Charterparty the better to Incourage his stay so long as still the next Season shall present for his going for England and w^t. ever you shall do in this matter in concert with M^r. Gentlemen

No. 1 Our last to this was of the 17th. Jany. by Hallifax wn. we advised you the needfull till then Since wee [. . .] at Pondicherry the lesser french Ship from Mergy wth. a lading of Rice a seasonable supply and releif to their necessities & there their Cargoes consisted of Salt Petre Pepper and Bales, bad weather full three Quartly. or half Laden, reports are various tho' wee incline to beleive the latter.

But by the Manner of their acting and Secret[practice] of gaining intelligence as to the stren[g]th of the Somrs. their more curious inquiery as to that Ships sailing well [. . .] or heavy the amot. of her Cargoe and time of her departure [*two lines lost*] ill design in agitation against the Somrs. then Rideing at Anchor abreast of fort St. David as formerly advisd wee had sent her Copie of which comes here with these 3 french ships wn. Lading at Pondicherry gave great uneasiness to our friends at Fort St. David and to Capt. Peacock as much as any the ships in both Rods (*sic*) being but 15 Miles distant are easily seen by each other so that by their great apprehension of the fears and Dangers for the Somrs. made 'em all disconsulate, wn. on the 30 past the Somers was full Loaden, on which Day in the agony of their mind they wrote us a Genll. Lettr. Expressing their heaviness of mind the difficulties under which they Labour'd for the great concern they had for the seeming Dangers of the french Shipps having a design to waite the [. . .]ons of the Somrs. and earnestly desiring our advice and orders on the matter wch. Lettr. arriv'd us on the 31st. past and that afternoon wee return'd 'em our best thoughts for answer as coud occur to our Mind 'em [to] act by, so that on the 4th. Currant all three french Ships saild out of Pondicherry steering a N : St. Course but those Gentlemen at fort St. David with the content and oppinion of Capt. Peacock thought it best to stay at anchor 3 days after the departure of the french Ships which was well and prudently done on the 7th. Current as they write us they shoud dispatch the Somrs. with a well mixt Cargoe amot. to as ℘ Invoice Pags. fas. ca.
145684. 20. 4. God grant her to arrive in safety at her desird Port.

On the 25th. past arrivd from King Sha Allum's Camp the Peons Govr. Pitt sent hence on the 7th. July last with Letters to Zoodye Cawn and now by our said Peons return'd his answer translate of which comes herewith to which wee referr you, and cou'd wee be certain of [*one line lost*] Hugly the [seat] of his Governmt. in Bengall wee wou'd have wrote him our hearty thanks and acknowledgemt. of all favours for the troubles he has taken and the paines he has been at for and in behalf [of] the English which now wee must call the British Nation.

Wee desire you wou'd by all just and fair means possible ingratiate Yor. Selves in the favour and good opinion of Zoude Cawn now or by this time Suba of Hugly who is [also] by his Letters Patent admirall of all this Coast as far as Ballasore the great Esteem and respect he has for the English Nation was happyly begun between the late Govr. Pitt [and] him which wee earnestly desire you'l continue and pre[serve].

Prince Hazee Moden King ShawAllums 2d. Son[. . .] Polar Star he steers by and by whose means the Kings fa[vour] Shine upon him as by the good Employ he now enjoys how long it may hold we can't tell, he being now a days in favour with any of the Prince Ministers at Court probably because application hath been first made him in appearing for and in behalf of the English Nation when they of the superiour and first ordy. might think their Honr. diginity and high places they hold Either [. . .]ted to neglected.

Wee shall according to Zoudee Cawne ord^{rs}. send the Kings Pres^{t}. to Bengall so soon as wee may know of his being arrivd at Hugly with our congratulatory Letter the best of all the Pres^{t}. having been sent to Metchlepatam where hath lay in ever since Augt. last, but w^{t}. we[have] do wth. the Elephants being six in Number that lye here upon our hands at a great Charge wee do not [know] unless wee had Zoudee Cawns leave to dispose of them and send their value in some Choice accept[able] [*one line lost*] Rarities which wee leave you to manage for us and shall Expect Your Answer. TO J^{NO}. PHILIP NODEN
AT METCHLEPATAM.

FORT S^{T}. GEORGE
FEB^{RY}. 11TH. 1709/10.

Yo^{rs}. of the 13th. last past wee rec^{d}. the 9 Currant since wch. of yours wee have No. 19
wrote you on the 27th. last Month, & likewise the Presd^{t}. hath wrote his particular Lett^{r}. of the same date to the Gusbad^{r}. who as you say is very Clamorous and troublesome tho' he cannot pretend to so much Ignorance, but to have known that his so [lon]g stay at Metchlepatam was occasion'd by our waiting and Expecting an answer from Zoudee Cawn to ours sent him hence on the July last Copie of his said Lett^{r}. as an answer wee send you inclos'd attested by the Cogee here which wee think may be enough to silence Your Gusbardar which Copie wee woud have you deliver him.

You shou'd have advis'd us the time the Ground rent becomes due and how much the same is Yearly that wee may compare it with our books here so that you may not [be put to a loss] which wee ord^{d}. you to pay to the Right Proprietors taking two receipts both of one te[...] and date one of wch. to be sent us and the other to be kept by you. The French Ships you wrote of was advisd us by the Dutch to Pollicatt and from thence to us, they arriv'd at Pondicherry the 8th. of Jany. last, whence they sett sail on the 4th. of february for Europe but have been seen on the 5th. 6. & 7th. after they saild from Pondicherry as by our last advices from Fort S^{t}. David at [y^{e}.] Port the Som^{rs}. lyes full Laden for England, but the Gentlemen there as well as Capt. Peacock have a shrew'd suspicion those french ships having some ill design on y^{e}. Som^{rs}.

In the 5th. Paragraph of your Letter you Enter the Lists again with the [...] of Your Gusbard^{r}. where you say Isuph Cawn wee suppose you mean Suba of Golcondah sent his Letters to Duan Mull by Virtue of which the said Duan Mull sent the Phousdars Brother in Company with the Gusbard^{r}. the factor to demand of you the reason why the Present aw[...] and why wee detain'd the Gusbadar so long there with ord^{rs}. to send up the Present to Golcondah that Duan Mull shou'd be at the Charge and Expe[ct] of the same &c^{a}.

To all which Zoudee Cawns Letter to [us] will be sufficient to give a full answere to your Gusbadar as aforesaid because former ord^{rs}. m[ust] give obedience to the Latt^{r}. and Zoudee Cawn (by ye time wee hope in Bengall) was the only person as our great friend that manag'd this great [affairs] [*two lines lost*] ffriendship between him and the late Govr. Pitt & therefore we shall steer our Course in y^{e}. Matter as Zoudee Cawn has directed which is to send the Pres^{t} to him, to Bengall as formerly advis'd both Yo^{r}. self and the Gusbadar as by our Lett^{rs}. of the 27th. last past to wch. wee refer.

As to w^t. You wrote us of about our Passes to the Rashwar the $Pres^t$. Govr. of Maddapollam, we have considered and well weigh'd the conveniency with the inconveniency of the whole matter & have thereupon signed two Passes for both the Ships as beleiving one if not both of 'em may some time come into this road w^n. wee may come up with him, if for the future he shou'd do anything unworthy of your favour.

As to w^t. you write us of the Maddapollam Braminy if Yo^r. information be true he is all together to blame and not be trusted but in this Case you ought not to guide y^r. self by any private prejudice You may have against him that your impartiall $judgem^t$. out to discerne between w^t. the Braminy acts out of a Principle of Guilt and Knavery of himself or whether forcd and compell'd by the threats and $Punishmen^t$. of the Rashwarr Govr. an Instance of the Latter is manifestly Evident by w^t. Kittee Narrain had seen wth. his Eyes at the time he was last at Maddapollam for that the Braminy having refus'd to let the Rashwarr have any [*one line lost*] they were taken away by force and the Braminy ha[wld] out by the Heels and beat unmercifully this and some other $matt^{rs}$. makes us doubt the information you have being all together true however it be the $Presid^t$. hath wrote him a $Lett^r$. to the End wee may know certain one way or other whether w^t. you are inform'd be reall matter of Fact or on by meer allegations Seing You have not been there Your Self in Some Years for Some reasons either reall or suppos'd.

Yesterday the 12th. Ins^t. wee rec^d. Yours of the 3^d. Ins^t. much to the same purpose with yor. former wch. this answers with your Said Letter wee rec^d. Your $Acco^t$. $disbursm^{ts}$. for the months of $Novemb^r$. $Decemb^r$. and January last wch. are not in the ordinary right method of Deb^t. &c., but you begin with all your $disbursm^{ts}$. of the aforesaid 3 Months which ought to be the Creditt in Yo^r. $acco^{ts}$. and the Cash in your hands Yo^r. $acco^t$. ought to be Deb^r to and the fountain whence Yo^r. Credits by $paym^{ts}$. ought to issue from, as for Instance Yo^r. $Lett^r$. of the 12th. Nov . last wch. wee rec^d. the 28 that Month you drew a bill on us for Pag^e. 675 : 34 : 3 payable to kittee Narrain wch. if rec^d. in $Novem^r$. you ought to have debted Yo^r. self to Said Summe rec^d. but wee shall say no more of this till wee have again perus'd Yo^r. $acco^{ts}$. of the Months preceeding Novr. last.

Iapah Chittee makes his application for and in behalf of his brother Somana with you against one Gundah Ivare is said to bring in false $accot^s$. and dem^{ds}. the ballance wee wou'd have you oblige him to bring the true originall $acco^{ts}$. and assist the aforesaid Somana w^t. You can so far as his Case shall appear right and Just.

We have kept the $Lett^r$. open without finishing all Yesterday till this Morning that is the [17th.] purpossly to inquire of our $Merch^t$. Inhabitants if they had any money at Metchlepatam, wch. they were willing to have paid them here that to by your receiving of it of their Gomusto's there You were to give Bills drawn on us payable to their ord^r. but wee can find no man here qualify'd as aforesaid, which shows there's but little trade between both Ports of Yo^{rs}. and this besides wee are at an uncertainty w^t. to send you because you mention no Summs, however if you can meet with any Merchants there that will lend you to the amo^t. of about Pag^s. two hundred or 250 or if need require Pag^s. 300 give Such Persons Yo^r. Bill of Exchange on us which shall be paid to whom he or these shall ord^r. which wee think may be enough in regard the [bulk] of Yo^r. Expence has run out most on firewood and the $Gusbed^{rs}$. wages whose inclination wee wish might bind him, rather than by any formall invitations of ours shou'd bring him hither because we wou'd have him go away satisfy'd without Grumbling to whom the $Presid^t$. hath now wrote him a perticular $Lett^r$. to keep him in good humour and temper. Wee are

Yo^r. loving friends.

Our worthy good ffriends No. 21

Wee were some days ago honour'd with your very obliging kind Letter of the 15th. Currant N.S. and [...]. Thus long delayed untill wee had diligently inquird into all the perticulars, and other circumstances of the subject matter of your Honr. &ca. Letter so as to render our answer the more perfect as to matter of fact which is briefly thus as follows Vizt:

One George Benfield had serv'd the Worshipll. Gabriell Robts. Esqr. late Govr. of Fort St. David in the way and manner of a Butler for some Years with good applause, and then became a freeman to Sett up for himself and is the same Person Yor. letter mentions a free Merchant and as so went to the S. Wd. to doe his own business in the time of late great famine and in or about Negapatam one then Namd Rashia or Rashipah a Cooly Fellow sold himself to the aforesaid Benfield for Pags. five, whence he came along with his new Master to Madrass soon after he show'd a great Inclination to become a Christian & got himself Qualify'd for the same by having learnd his Pater Noster &ca and accordingly with his Masters Consent was Christn'd in our Portegues Church by the Name of Pedro, some Small time after his Master where he lodg'd had occasion in that hot Season to wash his body and Sent his said Slave Pedro with the Key of his Chest to bring him some clean Cloths wch. he accordingly did but at the Same time the [slave] open'd the Till of his Masters Chest and took thence upwards of Pags. 300 with which he fled and run away and was never heard of till now that your Honr. &ca. mentions him in Your Letter the Peons were sent out in search of him but they returnd back and declar'd he coud not be found, this Same Slave must undoubtedly be the same very Person Yor. Honr. &ca. mentions tho' by another Name whom wee request may not be punish'd with you but that he be return'd hither where he hath comitt'd the Crime, his aforesaid Master George

Benfield hav^s. gon a Voyage to Pegu and expected here next Month hath left Orders with his Land lord here concerning the said slave Pedro whose Charges hither wee shall oblige the party concernd to make good. Wee are with all respect and sincerely

S^{rs}.

Wee have now before us Yo^{rs}. of the 14th. Decem^{r}. last since wch. are come to our Hands Yo^{rs}. of the 9th. 15th., 16, 21, 22^{d}., 27. January last that of y^{e}. 9th. Jany. came by the Rising Sun Smack with Yo^{r}. Diarys Consultations &c^{a}. Papers according to list the rest of that months date we rec^{d}. by yor. Peons on the 12 Ins^{t}. to all wch. we shall now give answ^{r}. & first to Yo^{rs}. of y^{e}. 14 Decemb^{r}. where you Say you rec^{d}. the late Presid^{t}. Addisons Pacquet on the 27 October last and there in his Lett^{r}. to Fuckerlee Cawn relating to M^{r}. Holcombs date in wch. you did not do well to detain Said Lett^{r}. but to have sent it forth wth. as directed and the reasons you give in Excuse for w^{t}. You did are very weak and will not stand firm against w^{t}. you promised Fuckerlee Cawn to advise that whole matter to us as ꝑ Yo^{r}. Gen^{ll}. Lett^{r}. of the 14 Decem^{r}. last, by wch. delays and want of answ^{r}. fuckerlee Cawn whom wee shall now call Nabob may justly think himself abus'd and Slighted, by this you have so incensed and provok'd him to the resentm^{ts}. you now feel why Shou'd you have kept Said Lett^{r}. either on the score of the late Govr. Addisons death or the further Orders of his Successor or cou'd you beleive (if you can but allow Yo^{r}. Selves time to think) that the Successor aiming at the same end wou'd have done any thing contrary or revers to w^{t}. the late deceased Govr. had done in that matter. N°. 24

You say the best way to lessen the Charges of Your Place is by making large Investm^{ts}. to the amo^{t}. of 40 or 50000 Pag^{s}. in this You are so much in the right y^{t}. we agree wth. you but wee doubt the performance because some of us do rememb^{r}. that in Govr. Higgonsons time at the Earnest desire of the then Chief and for the Reasons as you give there was a large Stock sent 'em, but they were so far from being able to perform w^{t}. they promised y^{t}. after it had lyen there for some months dead & unemploy'd, the ship Martha of y^{e}. Comp^{ys}. bound hence for Bengall was order'd to call in at Vizagapatam and take thence 10000 Pag^{s}. worth of Rup^{s}. and Carry to Beng^{ll}. wch. was accordingly done wch. put 'em to some hard strain'd Excuses for theire failure, but to bring the matt^{rs}. nearer the Case is still the same wth. You now as for Instance wee have Sent you in Money, and Paid in Bills from the p^{o}. Jany. 1709 for August last inclusive Pag^{s}. 18526 : 31 : for all wch. you have not made us any returns till the 9th. of Jany. last by y^{e}. rising Sun Smack on whom you had Laden bals. 136 amo^{t}. to Pag^{e}. 11818 : 38 : 2. wch. is all you have done in so long a time as a whole twelve months, so y^{t}. w^{t}. has been sent you is Sunck to little more than the amo^{t}. of the rising Sun Smack Invoice by w^{t}. you say in Yo^{r}. said Lett^{r}. of Decem^{r}. last y^{t}. you will have left but barely w^{t}. may pay y^{e}. next following months Expen[ces] so that upon y^{e}. whole we think (as matters are manag'd) that settlem^{t}. will hardly beare y^{e}. Charge of one factor and one writer much less of w^{t}. you are so fond of the Post of a Chief, to whom we allow a Just respect to be due, but our Chiefest trust and relyance is in a choice and well compossd Councill wch. by Yo^{r}. Paucity You are not, because, in the multitude of Councillers there is Safty.

We though wee had Sent You on y^{e}. rising Sum Smack Stationary ware Sufficient for so little writing work as you have, and so few hands as you are however we Shall Send you w^{t}. wee can spare, with other necessary factors provissions thus much in answer to Yo^{rs}. of the 14 Decem^{r}. as aforesaid.

The next to our view is Yo^{rs}. of the 9th. Jany. last rec^{d}. ꝑ y^{e}. Rising Sun with yor. Diarys and Consultations &c^{a}. Papers as ꝑ list as has been said, but you have not sent us your Diarys and Consultations for y^{e}. Month of Decem^{r}. which wee wond^{r}. at Seing those You sent us for y^{e}. Months of Septem^{r}. Octob^{r}. and Novemb^{r}. last are all compris'd in three Sheets of Pap^{r}. wch. having ꝑ us'd & read 'em thorowly, they give us no manner of Satisfaction to Each Month you assigne only one Consultation and that same towards the Latter End of the m^{o}. October only Expected w^{n}. you held two, wherein we find little more than reading the acco^{ts}. of Each in their Sever^{ll}.

Employs, in these words read and past the Latter wee forbid for the future wee here contesting ourselves only with having no other entery made in Consultation than that such or such by name read the acco^t. of his or their Employs for such and such a Month without the additionall word of being past for how can it be imagind in a time of Consultation in a Crowd of much business they can have time enough y^n. nicely to Examine into Each mans acco^t. y^t. being the proper province of y^e. accountant, next under the Presid^t. to inspect those acco^ts. by which some cunning men formerly have drawn such a consequence and formd to themselves a defensive argument (w^n. in y^e. wrong) y^t. their acco^ts. were read and past.

In perusing Your Diarys, wee can no ways aprove of the Chiefs managem^t. in the doubtfull matter of both the Competitors Hamee Cawn, and Fuckerlee Cawn for the NabobShip, the former acting like a common rover or a freebooter by letting his People to rob and Spoyl your Poor Inhabitants, and that after you were so fond and hasty in making him a Pres^t. it had been Prudent in you to have Soothed 'em presently alike to as to have kept even and fair with both Parties especially w^n. you had but bare report for the former but better Credentially for the Latt^r. if you believe Yo^r. own diarys of y^e. 22: 24: 25 Septem^r. last mentioned in the Letters Mr. Hastings rec^d. from the old Merch^ts. Braminy at Comello and in a Consultation held on y^e. 26 Septem^r. the Chief Seems to doubt w^t he formerly believ'd in fav^r. of Hamett Cawn as ꝑ the former Day's Diarys and therefore delays Sending Hamett Cawn the Powder promisd him until it be certainly known wch. of the Competitors is to be the Nabob.

Yet next Day being the 27 the Chief went to meet Hamett Cawn at the Mango garden and there presented him a box with 4 Pagodas as an acknowledgement of his being Nabob of the Country.

On the 28 Hamett Cawn's Duan visited the Chief in ord^r. to agree the Presents to the Nabob and Officers and the same Day Your Nabob pass'd by yor. factory whom you Honour'd with the Salute of 21 Guns and the same number as he return'd.

On the 29 Septem^r. the Chief with the Nabobs Duan adjusted the Pres^t. to the Value of Pag^s. 270 in broad Cloth &c^a. all wch. wee observe to have been done out of Consultation.

Wee have taken the more Paines to write these Yo^r. Diarys to convince You that by making Yo^r. Court and address and Yo^r. Public testimonies & acknowledgem^t. to Hamett Cawn as the Nabob, by So much You have greatly disgusted Fuckerlee Cawn whom now you are oblig'd to beleive to be the right Nabob whose friendship You have now lost by your fatal mistake as appeares by the Troubles you are now involv'd in and the Difficulties under which you labour this unhappy mistake of yours the Cunning Dutch have improv'd to their advantage and have gaind that freindship of the new Nabob which you have lost.

Jugapa the Braminy You say as your leave to come hither but it's in such a manner as shows Y^r. loth to part Company when you advance his usefullness with such superlatives as we do not well like but he was one of those whose ꝑnicious Councills so far prevailed as made M^r. Holcombe lend the severall large summs to the Rajahs which hath ever since his Death intailed so much trouble to his own Familly as likewise now of late to the Company for Jugapa seemd to have been the Bias of all Mr. Holcombs business and Affaires relating to the Country or inland trade but now once for all wee do possitively order his being sent hither Y^r. Old Dubash thô Superannuated yet has Sons and Brothers well Qualify'd for that Imploy.

You write us that you have att the Wash[ers] so much coarse goods as will make up 40 Bales to be ready to send us by any the first and best Conveyance that shall offer wch. with the 136 Bales we rec^d. thro' the Rising Sun Smack makes 176 Bales and that all You have done in 13 Months time wch. is very inconsiderable to maintain the charges of that factory with a Cheife a Post you are so tender and fond off with all it's Pagentry.

We take notice that Yo^{r}. Pag^{s}. charges for no more than rupees 3¼ ℘ Pag^{t}. wee now send you on the Rising Sun Madrass Rupees 10000 and as they take shall supply you with more as you shall have occasion by any opportunity that shall present hence mean time wee wou'd have You get in long Cloth ordinary & Sallampores ord^{y}. enough in proportion to the Betteles you have taken of the Merchants.

You mention a Scarcity of Grain wch. You and Sure it must be worse now when you are hemmed in on every Side with the new Nabobs People wee Send you there for 200 Baggs containing in all 1300 Merckall of rice for the use of y^{e}. Sold^{rs}. wee now send you to be deducted out of their pay as the same becomes due, these Sould^{rs}. wee wou'd have you return to us so soon as all Yo^{r}. troubles are over the charges of Yo^{r}. Place swallows up yor. little investm^{ts}. as to any proffitt wch. is none at all but a plain Loss.

Yo^{rs}. of the 15 Jan^{ry}. advices the new Nabobs people to be incamped upon the skirts round Yo^{r}. bounds & thereby stoping up all the avennes (*sic*) and passages to Yo^{r}. town, but with all, you believe [they] intend no acts of Hostility all wch. is rather a matt^{r}. of great concern for us to remedy but is no surprize at all seing any one but of moderate scense might Easily have foreseen w^{t}. hath since come to pass greatly evances (*sic*) Yo^{r}. cheif to have made a wrong step in making his Court so Early to Hamett Cawn, and y^{e}. Event justifies our assertion and now Who must make good the mistake of Yo^{r}. Present of Pag^{s}. 275 given to the wrong hand is the question wee now send for yor. answer.

You say you have wrote to the Kings Officers at Checkracull complaining against Fuckerlee Cawn and that his People permitted their safe going wth. Yo^{r}. [Leave] but you do not tell y^{e}. constitution of y^{e}. Governm^{t}. at Check[racull] whether the Military or civill Power there, but in Generall terms you call 'em the Kings Officers wch. in y^{e}. sense [you] take it, shou'd be supperior to the new Nabob, you ought to have explain'd this to us, as you ought likewise to have the word Kistee in Yo^{r}. Diaries, wch. wee understand [not] here unless you mean thereby a 2^{d}. Quarterly payme[nt] of any Debt or rent due.

Wee are come now to Yo^{r}. Elaborate Lett^{r}. of the 16 [January] to wch. wee say Yo^{r}. Bales upon the rising Sun came no[t in] time enough to help out the filling up either the Ke[nt] or Somers the former was dispatchd hence a full ship on the 11 last Month with a Cargo amo^{t}. to Pag^{s}. 98786 : 15 : 1 & y^{e}. Som^{rs}. from hence but last from Fort S^{t}. David full Laden there on the 28 last Month but did not sail thence (because of the French Ships then at Pondicherry) till y^{e}. 9. Instant with a Well mixt Cargo amo^{t}. to Pag^{s}. 145684 ; 25 : 2 & w^{n}. both those Ships arrivd here on the 2^{d}. Decem^{r}. last wee had not any Bales of white Goods in our Godowns.

That Paragraph of the Dūtches Gen^{ll}. Letter relating to the revenues of yor. Place shall be sent you as you desire & tho' wee wish, but wishes are in vain yet wee can neither hope nor Expect any considerable increase of Revenue from Yo^{r}. Place, for the way to increase revenue is first to [in]crease People, and not to desert as they do at Vizagapatam which makes us think there is some fault in yor. managem^{t}.

You say the amo^{t}. you pay the Governm^{t}. for the Town and villiges is Rups. 4862 & the yearly town charges is about Rs. 1300 which together make the sum of Rups. 6162 for this you have the villages and priviledges of making & selling of Salt, arrack, Bettle, Tobacco and other Petty farms, with y^{e}. Land and Sea Customes according to the Moors Establishm^{t}. w^{n}. the revenues was in their own hands, and that none of the English Cheifs have made any matteriall alterations as finding by a carefull managem^{t}. under the former heads the mony be raised to pay the Nabob thus for that Part of Your Letter.

But where is the ℘formance of that Prudent Managem^{t}. of Yo^{r}. farms and Petty Customes which may pay the Nabobs rent for Yo^{r}. Towns and Villages when by your Gen^{ll}. Books of Accounts so great a Loss appears to the Company wch. put 'em Some Severall years ago upon a resolution of withdrawing that factory as useless & unprofitable to 'em, so that the then Cheif, by his Sollitary Letters to the Government here promising that what ever charges exceeded 600 Pag^{s}. ℘ annum he would pay and defray out of his own Pocket this matter being represented hence to the Company

prevaild so far with 'em as to suspend executing their former resolution wch. is a plain demonstration that yor. place may be useless & unprofitable to yor. Company, when at the same time it may be very advantageous to any in the Character of an English Cheif under the Umbrage and Patronage of the Company.

You say that Customes on Goods imported by sea is not any part of the revenues you farme but is allways paid to the Moors Governmt. but wee want to know whether the severall Branches of Yor. small revenues is either kept in Yor. own hands or let out and farm'd if the formr. wee want to know who collects them in, if the latter we want to know to whom lett out, and for how much ℘ annum, & to whom and how paid whether Monthly, Quarterly or Yearly.

Your Notion of a Peer to make Yor. Post Commodious for shipping is Just, and may be a great occasion to make Ships frequent and resort to Yor. Place in bad weather only, but this does not always hold, it is the People therre (*sic*) resort and abode that makes the Place of trade as for Instance Millford Haven may Challenge preference to any Port or Harbour in all England, but is seldome frequented unless in stress of weather, & on the contrary Holland the Epitome of all Europe has scarce a good Port belonging to it, yet tho' there are not anything produc'd there to the Building of any ship but what is brought 'em yet is there no place where ships can be bought cheaper Your Place is poor and under a bad Governmt. and will always be the same so long as it is kept under from thriving unless as you say a Phirmaund cou'd be obtained from the King to make it a Perpetuall Inheritance to the Company.

If the Dutch as you say have been so long hankeering after Yor. Place you have given 'em a very advantagious occasion to improve if not comple[te] their design by your having so much disobligd the New Nabob, wn. their more penetrating judgment took the right and better aim in paying their respects and applying their Presents which they have gained to 'emselves all the good friendship of Nabob Fuckerlee Cawn, that you have lost.

Wee are now with that part of Yor. Lettr. wch. says in these words——that it hath been always practicable that for the benifitt ships receive[d] by the conveniency of Yor. Port they shou'd by Vertue of a Cowle from the Chief pay $\frac{1}{4}$, $\frac{1}{3}$ or $\frac{1}{2}$ part of ye. usuall Customes and Port Charges [to] the Company wch. is agreed on more or less according to the Cargo and circumstances of the [Ton] age, from which method you say you have never deviated; till of late in the Case of Succa Rama &ca. which to us seems a contradiction to wt. you have said previous to this viz, that the Sea Customes are no part or branch of Yor. revenues that being allways paid to the Nabob for the time being but if it has been a practice you never deviated from till of Late, pray who had the benefitt, or received the same since no such thing appears in your Genll. book of Accots. to this wee require Yor. answer.

You say the English only are exempted from paying any Customes at Your Port, tho' black Merchts. by their names and other indirect means have lately traded on the same terms which you say is a discouragmt. and a hardship on the Rt. Honble. Companys Servts. in subordinate factories.

Wee say there have been English Gentlemen here that have consign'd their Effects and concerns to yor. Chief and continud the same, for some time to very little advantage, till they changd hands and have found 'emselves much better servd by those very Persons You call black Merchants acting under the English Priviledge which is no more yn. wt. was just and right as being the proper Effects of the English yt. employ'd 'em wee assert this for truth and matter of fact, which lett your Chief deny or prove the Contrary if he can.

It does not become Your Chief to arrogate to himself such a liberty of reflection as darts at any member of this Council that have done him no wrong, and he shou'd know that he lives at more ease and less expense than any of the Gentlemen here he reflects on.

Towards the conclusion of Yor. Lettr. Your Chief expresses is great zeal to serve the Company with his utmost Endeavours, but conditionally if he has such encouragemt. as many support the Creditt and authority of his Post, in which Case he promises mighty undertakings, by all wch. superlative wee know not wt. he means or wou'd he be superiour to all the formr. Chiefs his predecessors or wt. had they that Your Present Chief has not.

You mention Your Correspondence by Letters frequently with Fuckerlee Cawn; but why all this while you have sent him the late Govr. Addisons Lettr. is that to wch. wee want Your Better answer then the weak and Lame Excuse You have given us.

If we can understand Your Mulla right he says he never receivd his wages from yor. Debash but from the Chief himself, let all his wages due to him from the time he came thence be paid him to [the] full deducting or allowing for wt. you may have paid his family in his absence and continue him in the service he hath behav'd himself here very civil and quiett, for which he ought to have your Countenance.

Wee send you upon the rising sun a yo[ung] Writer Richd. Smith to be assisting in writing work the Master of the Yatch wee wou'd have allow either Diet or Diett Money as he likes either during the time he stays on h[er].

The soldrs. wee send you are paid to Ma[y...] and the master is paid to the po. of June next and all the La[ascars to] the po. June [next] ℘ the Pay Masters list inclos'd.

Yors. of the 21 Janry. advises Yor. havg. sent Yor. Vacceel to the New Nabob with the town rent Mony & the Chiefs Lettr. of Complemt. to congratulate Fuckerle Cawn into his Governmt. (& why not then the late Govr. Addisons Letter alls[o]) but that Yor. Vacceel was sent back with the Nabobs greatest resentmts. and that he had orderd a body of 100 Horse and five hundred foot to surround Yor. bounds next Day thus by your mismanagemt. You have spoiled all notwithstanding the great encomiums you give of the Nabob in your former Lettr. and now you apply Yor. selves to us for remedy by which Yor. ill conduct wee are put upon an after game.

Wee are glad Capt. Hamilton does so freely and heartily offer himself to serve you in this Yor. extremity and you are in the right when you say [you] will act the defensive part only for that a [brea]ch is sooner made than reconcild.

Wee [nevr.] heard till now by [yrs.] of ye. 22d. Jany. that the obligation Mr. Holcombe gave Fouckerle Cawn for his Mony had the Companys Seal affixt to it, but that Mr. Holcombe sign'd the same with his own Seal ring which makes us some wt. doubt, wt. your Vacceell says in that point.

Madam Holcombe confess her havg. brought up with her all Mr. Holcombe her Husbands English books and Papers of accounts but with all declares she had no other [Jentue] accots. of any sort than wt. She receiv'd from that Aracle Jugupa or any thing else but wt. mentiond. in a Paper apart wch. is wt. She declares she knows of relating to any bag seald or a Pallenkeen & the Presidt. hath seen the originall Paper Fuckerle Cawnes servts. that brought the Money to Mr. Holcombs and left wth. him mentions no more than the Summe of Pags. 44000 and if there be anything else of household moveables besides the Pallankeen wch. the Widdow owns to have but that her Husband made it up and silverd the same himself wch. if insisted on she is reddy to deliver up to any shall have a right to demand the same but if there be anything else Jugapa ought to mak it good.

Thus wee have discusted all Yor. Sevll. Lettrs. and now for a remedy for all those evills and troubles wch. tho if you have not begun Yet You have aggravated 'em.

Wee have made up a Present for Fuckerle Cawn to the amot. as ℘ Invoice to be sent and presented him from and in the Name of the Presidt. and Govr. of Fort St. George & his Lettr. with Copie of that from the late Govr. Addison sent you but never deliverd as likewise a Copie of a Letter of the late Govr. Pitt dated the 17 July 1705 and also the Widdows own Lettr. to Fuckerlee Cawn, and wth. 'em the accot. Currant between Mr. Holcombe & Fuckerle Cawn by wch. it doth appear there is little more than Pags. 6000 due to the Nabob with an accot. of Batty apart, as also Copie of

Amunduraz morgage (*sic*) of his Country [to] Mr. Holcombe as a security for the Money [...] likewise Rustumdill Cawn [*one line lost*] impowering him to Collect the rents in order to pay himself and a list of Debts of severall Persons due to the Estate of Mr. Holcombe, all of 'em translate into the Persian Language and attested by the Cogee here.

Wee thing (*sic*) it no ways adviseable for yor. Chief to visitt the New Nabob under pretence of accompanying the Prest. nor indeed any of the Councill unless upon the Security of good Hostages and a safe conduct the Chiefs late ill managemt. having renderd him obnoxious to Fuckerle Cawn wee injoyn You to keep a perfect register of all Lettrs. you send and receive from the Governmt. or any other Persons and send us either Copies of their originalls or their translates as we practice here and send home yearly to the Company, but more especially send us those and all of 'em that have pass'd between the Chief, and the Present and late Nabob Hamett Cawn as likewise those receivd from the old Merchts. Braminy at[...Co]mely.

Yor. Journall Entries to which the Leidger refers for Explanation are entered so shorte as renders the whole unintelligible as not to be understood which is a fault pray mend it for the future Notwithstanding what wee have wrote you in some of the forgoing Paragraph of this Lettr. concerning Jugupa the Braminys being sent hither wee now order and injoyn you to send the said Jugupa to the Nabob Fuckerle Cawn [in] order to state the accots. other [*a few words lost*] that hath been receiv'd from the Rajaes Amundaraza Pye Cruw towards paying their debt or wt. part of the same was really paid by 'em to Jugupa or any other Person, to be paid Mr. Holcombes accots. wee order this that wee may be through that whole affaire the Presidt. hath wrote to the Nabob advising him that Jugupa shall be sent with his accot. to be stated before the aforesaid Rajaes We likewise ordr. your Mulla to proceed directly with our Pacquet and Prest. to the New Nabob whom you are to assist wth. wt. is necessary for his Journey wch. when done and that Jugupa is returnd back yn. wee order and positively injoyn our former ordrs. for Jugupa's coming hither as also Concalingua Yor. Chief Mercht. and Your Mulla to come hither of wch. you must not fail. wee are

N°. 30 After so long a time as since the 22^{d}. of July in the year 1702 when both Companies old and new were happyly united & incorporated into one body politque by the known name of the Court of Managers for Affairs of y^{e}. United East India trade and y^{n}. they form'd a method & a new Scheme for the the better regulating of their Affairs in all their severall places and Settlements in India by wch. Bencoolen or York fort and all the other subfactories on the west Coast of Sumatria were orderd and made independant to Fort S^{t}. George & have continu'd so, ever since the year 1703 that those orders reachd'em at York Fort till by their Gen^{ll}. Lett^{r}. by the Heathcote dated in London the 9th. February 1708—the Honble. Company have putt York Fort under the Controll of their Presid^{t}. and Councill here, and y^{t}. the West Coast of Sumatria, is now as formerly made subordinate to Fort S^{t}. George, having premised thus much the next that falls under our consideration is to trace back by takeing clear inspection into all the severall strange and unwarrantable practices of those Settlem^{ts}. during the whole time of their being independant to Fort S^{t}. George wch. occasiond to great a mismanagem^{t}. of Affairs in all those settlem^{ts}. so that all their transactions was foreign to us as not having seen any of their books of acco^{ts}. as beleiv^{g}. 'emselves not accountable to us for any thing they did or shoud do, any otherwise than by their presumption of drawing so many heavy Bills of Exchange upon us for which they had no ord^{rs}. nor we to accept 'em, but the powerfull motive that then prevaild for our accepting, and paying their Bills, was their urgent necessity for supplies hence, to enable 'em to buy up the Pepper Cropps (wch. were plentifull) and to maintain and pay the Garrison and other incidant Charges this was the face and out side of their pretences for drawing upon us, where under hand there was such a sympathy and correspondence between Fort S^{t}. George and York Fort, for the proffitt and benefitt of some perticular persons y^{t}. those Gentlemen at Bencoolen bought up those Cargoes of coars bales goods sent hence with the advance of 30 ₱ Cent on the Fort St^{t}. George Invoice and their amount by a strange Metaphor was said to be those severall sums of Doll^{rs}. receivd into the Honble. Companies Cash at York Fort, which form'd and gave being to those Bulkey Bills they so frequently drew upon us payable to severall perticular persons here, till at last the Honble. Company for once and for all positively forbid us accepting or paying any such Bills for the future as never having had their ord^{r}. for those severall Bills wee have had.

The last Gen^{ll}. Lett^{r}. hence to York Fort was of the 10th. Aprill last by the Presid^{t}. Charles Hopkins Master on whom wee laded a Cargoe amo^{t}. to Pag^{s}. 5267 : 31 : 5. of which Pag^{s}. 3208 : 31. was in Long Cloth white ordinary, as ₱ Copie of that Ships Invoice herewith sent you, wee likewise send you Copie (if can be gott ready) at least abstract of all the severall Invoices of Cargoes that have been sent hence on the Companies acco^{t}. consignd to York Fort ever since those Settlem^{ts}. became independant to Fort S^{t}. George since our aforesaid Gen^{ll}. Letter by the Presid^{t}. wee have of Yo^{rs}. the follow^{g}. Viz^{t}. that of the 14th. Aprill last sign'd by M^{r}. Skingle and the since secluded Councill M^{r}. Griffith, M^{r}. Daniel and M^{r}. Garrett the next after was of the 16 May last signed by M^{r}. Skingle and 3 more of a new sett of Councill, in which they mention not so much as one word of the secluded Councill nor any reason given for their having elected a new sett.

Wee likewise rec^{d}. a Seperatte Lett^{r}. from the dismiss'd Councill Sign'd by M^{r}. Griffith M^{r}. Daniell and M^{r}. Garrett all which came to our hands on the 30th. September last ₱ the Morning Starr Via Bengall.

Their next Lett^{rs}. was of the 10th. & 14th. August last ℘ the Essex Via Fort S^{t}. David, Capt Lampthorn.

By all which wee may be observd how all things are in confusion and out of order amongst you first as to yor. Governm^{t}. by shuffling and turning out the old Councill, and electing and taking in others in their stead, which is a matter of Dangerous and pernitious consequence to the Companies affairs so far as such practices tend only to make the head absolute and arbitrary which is no ways consistant either with the Honble. Companies Interest or their ord^{rs}. and now M^{r}. Skingle came to take so much upon him shall be an Article for your further inquiry wee having seen nothing of M^{r}. Skingles Pen or writing, so much to the Purpose and matter of fact as is that of the Seperate Lett^{r}. of the secluded Councill dated the 13th. May last aforesaid.

Your lavish and profuse Expenses and Charges hath been nothing else but a continued flux that hath draind and consumed all the Stores goods and Treasure that hath been sent you, to a very small reserve that hath been invested in Pepper, and that neither enough nor timely sent home by which the Demorage (that eating Canker in the Companies Estate) hath devoured and swallow'd up the whole Cargo, wittness the Nothumberland dispatchd the 6 of June or July last if wee remember right thô with 6 Ton of Pepper more y^{n}. w^{t}. lett out for as you say, your troubles and imbroyles with the Natives and Country Governm^{t}. if of bad consequence, even tho' it be but amongst 'emselves their revenge being rather the burning of one anothers houses and destroying each other Pepper Plantation y^{n}. in any blood or slaughter, wee desire to be perfectly and impartially inform'd of the orrignall Causes and first springs that gave being to 'em, and what you think may be the best and most proper remidies to put an End to those troubles seeing wee are in the dark as having been forreigne to all your affairs for so many years past, as you have been independant & thought Yo^{r}. selves not any way's accountable to Fort S^{t}. George by which there has been so much mismanagem^{t}. as has well nigh ruin'd all the Companies affairs in all their Settlem^{ts}. on the West Coast of Sumatria in so much as there has not been little more then the shadow of any modell or scheme of a true & right Governm^{t}. in any of its parts whether Eeconomy Pollitical or Millitary, or hardly amongst some, but Practices brings that pure & holy Religeon wee profess into slight and contempt in the Eyes of the Genteels amongst whom wee live, whose better morals ('ts our shame be it spoken) many Christians come shorte of by all which you have so degenerated) y^{t}. Yo^{r}. whole constitution is all out of frame and of the Hinges.

Now for a remedy against all such Evils & the many Errors that have crept in amongst your Predecessors, which your Practice is a Copie of.

Wee have therefore constituted and appointed Jeremiah Harrison Esqr. one of our Councill to be Deputy Govr. of York Fort Supervisor and Cheif of all Affairs of the R^{t}. Honble. Comp^{y} both civill and military on the West Coast of Sumatria, to whom (w^{n}. he judges it for the Companies Interest) We have given Power with one or more of the Councill as he shall think fitt not only to change or alter the Station or Employs of any in the Companys Service but likewise to suspend, remove or dismiss out of the Councill or out of the Companys service all such as he or shall they see good Cause for their so doing, as may more fully appear by our commission bearing date at Fort S^{t}. George the 10 of March 1710 and tho wee have namd severall persons in his said Commission to be of Councill yett such only as he or they shall think fitt to make choice of shall be accounted the Establishd Councill, of York Fort &c^{a}. places and so to Continue untill the R^{t}. Honble. Companies ord^{rs}. or ours be further known according to the tenor of his said Commission, but than any Person or Persons that thinks himself any ways aggrievd by virtue of the Power granted to the Deputy Governour and Supervisor hath free liberty to make his own defence and clear himself if he can, of which wee ourselves will be the Judges or lett him or Them be sent to Fort S^{t}. George till when all such Persons as shall be removd, suspended or dimiss'd the Honble. Companies service as aforsaid shall stand good and Valid or anything Else that may most contribute to the well regulating & reforming the Extravagances of all those Factories on the West Coast.

Wee do positively ord^{r}. and injoyn that all Money paid out of Cash to any Person or on any acco^{t}. w^{t}.ever, be done in Consultation assigning the reasons of and for such payments taking each person receipt in the receipt book for all such payments as shall be issu'd out of Cash and the acco^{t}. Cash to be read monthly in Consultation.

The accountant should read his Journall ꝑcells Monthly.

The warehousekeeper is to keep an exact acco^{t}. of all manner of Goods he receives in his possession and keeping and of whom or by whatship, with a just acco^{t}. of what goods he is order'd to sell and dispose of with regard to the Day of the month on the left Side Mergin with the Quantitys and Quality, to whom sold and for what and this his acco^{t}. to be read monthly in Consultation.

The like wee say of the Storekeeper that he buy not stores of any kind till first agreed & order'd in Consultation and to keep a true and just acco^{t}. of all w^{t}. so bought by him and of whom with their Cost which are to be read monthly in Consultation.

The like wee say of the Paymaster so far as he may be concerned in his Employ of buying in any stores for the Garrison, and that he be not impos'd on by any false muster Rolls the Cheif of Millitary officers wou'd Perswade him to.

Lett Copies of your Cash acco^{ts}. and the Warehouse Storekeep^{r}. and pay master books of acco^{ts}. Sent to Fort S^{t}. George as opportunity shall offer as well as their other Copies to be sent for England.

Wee would have a just true Register kept of the deaths and births of all your male and female Negroes and other Slaves.

Wee transport to you upon this Ship the ffrederick three condemnd Natives to be us'd by you as Slaves according to a Judgem^{t}. past upon 'em here some time ago their names are Viz^{t}. Terrivingulum, Vingatau, Mira.

Wee send you 10 English & 14 Topass Sold^{rs}. who are advanc'd 2 Months pay as you'll see ꝑ the inclos'd List.

Wee send you upon the Fredercik Salt Petre, Red wood, white long Cloth ordinary and treasure to the amo^{t}. of Pag^{s}. 19443 : 6 : 4 as ꝑ Invoice and bill of Lading, to inable you to the timely dispatching of a full Laden Ship for England, but we wou'd have you return to us back the Frederick whom wee hope God willing to dispatch next october for England, unless it shou'd happen that you have more pepper y^{n}. Tonadge lying upon yor. hands which wee think is Seldome or never your Case.

The Company Complains much of your Pepper as being very faul and dusty wch. is a great Loss to 'em because the dust makes both bulk and weight for wch. they pay freight & Custome as if it were all Clean pepper whereas the Mallabar Pepper is allways very clean pray let this be remedyed for the future.

Wee have entertain'd as a factor in the Comp^{as}. Service to Serve at the west coast for the space and terme of three years M^{r}. Will: Touglass, likewise Daniell Evans the Companys covenanted Servt. from England came out a writer and now made a factor to whom wee have advanc'd Pag^{s}. 30 to be deducted out of his west Coast salary as the same shall become due.

Wee have also entertaind George Turvill a Writer to Serve the Company three Years on the West Coast at the usuall sallary paid there.

Wee do hereby ord^{r}. and appoint Capt. Rich^{d}. Phrip Second of Councill and next to the Deputy Govr. Harrison during the time he shall stay at York Fort notwithstanding of any thing in our Commission to the Country.

Wee have advanc'd Capt. Phip. (*sic*) Pag^s^. 100 in part for his dieting our Sold^rs^. at 4 fanams ℔ Diem.

OF YORK FORT AT BENCOOLEN SUPERVISOR & CHEIF FOR ALL AFFAIRS BOTH CIVILL AND MILLITARY OF THE HON[BLE]. COURT OF DIRECT[RS]. OF THE UNITED COMPANY OF MERCHANTS OF ENGLAND TRADING TO THE EAST INDIES.

FORT S[T]. GEORGE 10TH MARCH 1709/10.

No. 32 The Hon[ble]. Company having in their Gen[ll]. Letter of the 3[d]. July 1706 to M[r]. Cross and Hoyle given their ord[rs]. and directions so fully for the discovery of the many gross Errours and frauds that have been begun and carry'd on in a continu'd practice by so great a misamanagement of the Companies Affairs ever Since York Fort &c[a]. Settlements on the West Coast of Sumatria became independent to Fort S[t]. George that wee shall have the less of our own to give you in Charge, their Hon[rs]. ord[rs]. and directions being so well calculated to all circumstances that shall fall under your consideration as will render yo[r]. Examination upon the whole very Easy notwithstanding of which wee shall in the use and exercise of our thoughts find Cause to give you in Charge and require of you that a Strict inquiry & examination be made into all the matters wee Shall lay before you which are the following Viz[t].

Whereas Severall Cargoes of long Cloth belonging to ꝑticular ꝑsons at Fort S^{t}. George hath been Sent and bought up at York fort at 30 ꝑcent on the Madrass Invoice and carried into the Companys Godowns and then past under a strange transmutation of their Cost in Dollars and to have been rec^{d}. and paid into the Companys Cash of the Persons of whom bought tho the species and Quallitys not chang'd and remaind Bales in their Godowns for which supposs'd and immaginary mony receiv'd into the Companys Cash they give the Sellers their Bills of Exchange drawn upon the Presid^{t}. and Counc^{ll}. at Fort S^{t}. George payable to the Severall and respective concern'd here, by which it may be observ'd y^{t}. those Goods so bought and paid for by the Company here became *ipso facto* the goods and reall property of the Honble. Companys but the confideracy of those at York fort dispos'd of those Goods with the advance of 30 or 40 ꝑ Cent more to the Natives and in buying and bartering for those Nagro Salves and in paying their Coolys &c^{a}. by which means for their own private advantage they bought the Companys Cash allways indebted to 'emselves by so much as such Sales, barter, or payment made as aforesaid exceeded the first imaginary money bought into their Cash there, which was really in Effect useing the Companys Cash, and turning the same to their own private ungodly Gains a plain instance and proofs of this you'll find in the Secluded Councills Letter dated the 13 May last where they Say that of 24 Chests of Treasure which wee may call lb. 24000 no more then two Chests went to buy Pepper Copie of said Lett^{r}. wee deliver you with severall other Papers, for you Guidance and bett^{r}. inquiry into the Labyrinth of the Practices of the former as well as the Present Gentlemen who have so much or almost [. . .] ruind all the Companies affairs by so gross a mismanagement of theirs.

Wee recommend to yor. Care to retrench all Extravagant charges and Expences and reduce the same to a just and necessary frugallity and that on Exact acco^{t}. of all Charges and Expences be kept a part so long a space of time as may keep even pace with the first buying and coming in of Yo^{r}. Pepper untill it comes up to the Quantity of a full Loading of any Ship of 200 or 250 or 300 ton by which your Expences compar'd with the time requir'd in bringing in the aforesaid Quantitys of Pepper may be cast into the Prime cost of the Quantity of Pepper by which it may be known how much Each pound of Pepper stands the Company when laden on board at York Fort for England which if Such Charges upon the whole Quantitys comes up to a half a Penny ꝑ Pound with the foulness and dust of the Pepper for all which they pay freight Custome and duties the Company will hardly be gainers at the begginning of those Settlements the agreem^{t}. contracted for all Pepper bought of the Natives for acco^{t}. of the Company was to be paid one moiety in Dollars and the other moiety in long Cloth and if wee remember right at Doll^{rs}. 90 ꝑ Corge of long Cloth ordinary.

At Bentall &c^{a}. Northren factorys the same at which place wee Say Bentall the pepper was bought by measure that is 200 bamboes to the Bahar Each bamboe in Measure weighing three pound three ounces wch. afterw^{ds}. reduc'd to weight made pounds 637 to y^{e}. Bahar all which matters Capt. Phrip by his long Experience in Voyaging to those Parts will be of good use to you.

You will observe by our Invoice how our Mallay fanams are rated and how many tola Dollars you are to take notice how many they pass for a Dollar in buying and payments at the West Coast and w^{t}. becomes of the benefitt of the Exchange made of them.

Wee would have you encourage the Chinees to the Planting of Indico and Sugar Canes the west Coast being much the Same good Soil as that of Java which produce the former little inferiour to that of Cahore and the Sugar nothing worse but equall and better to the best that comes from China.

Let there be always two Keys to the Companys Cash Chest one to be kept by the Dep^{y}. Govern^{r}. for the time being and the other by the Second and lett the reall ballance of the Companys Cash be owned monthly as the time of the acco^{t}. Cash being read in Consultation that the reall true ballance may appear in certain view to the Councill so as to agree with the Cash book ballance there are Severall other matters

which yor. own observation on the Place will lead you into a more perfect inquiry which cant occure to our thoughts at present, wee expect and require of you an exact account to be given us in writing of all yor. proceedings. Wee are

No. 33 The 12th Currant brought us Yours of the 9th. of the same with the sever^{lls}. inclos'd to all which wee shall now give answer.

Your Sever^{ll}. Bills to the amo . of Pag^{s}. 4211 : 34 wee have accepted and shall pay when able, as beleiving we can't square our compliance to the exact time limitted for Payment, our Cash being low at present, and the Severall branches of our revenues coming in but Slowly.

Wee wou'd have you adjust acco^{ts}. with yor. Merchants that wee may see how matters Stand, between you & them as to the contract made with 'em on the 19th. October last for an Investment of Pag^{s}. 50000.

It is strange your Cloth still as it always did come so much short of our washing here, the rather because you have the advantage of a branch of the river from Trivindeparum which comes into yor. bounds wee would have this matter perfectly inquir'd into wth. incouragm^{t}. to yor. poor Cooly washer that they be duly paid w^{t}. they earn and that they be not defraud by their heads or Chiefs hath been a shamefull Practice (if not now) lately.

Pray advice us on all occasions the Quantity and Quallity of all the Cloth you have embald in yor. Godowns and w^{t}. in the washers hands wch. wth. w^{t}. wee do here, we may conjecture if wee can Send 5 or 600 bales of coarse Goods to Bengall as the Company direct for the like Quantity of Bales of fine Goods to be returnd us thence by Decem^{r}. next if possible with out any prejudice to our intending a Ship hence God willing for England next October.

The wax and Packing Stuff you wrote for is ready and shall be Sent you So soon as any good Vessell offers for your Port.

Pray send us w^{t}. Ink Glasses, Stands, Quills, Pounce, Wavers &c^{a}. Stationary Ware you can Spare the Company having Sent us none but more especially that 2^{d}. Seize & Sort of Paper which is less then what commonly us'd for yor. Gen^{ll}. books of Acco^{ts}. but larger than that little narrow paper us'd for Lett^{rs}. which is best known by having the Stamps of the *flower delure* and the Crown for the Crest, which is the Paper yor. Gen^{ll}. Lett^{r}. last receivd if wee being in great want of y^{e}. same for our Consultation books lett all be well packt up to be sent us by the Maddapollam Yautch so soon as you have got bales enough to fill her up.

There is with you in the Companys Service a Carpenter one Sackaia exquisitly Skill'd in designing, cutting and carving anything him wee would have you Send us hither because wee intend to build a handsome house at the Mount for the Conveniency of the Companys serv^{ts}.

Wee have recd. & Read Padre Panto de Sao Petition to whom wee give leave according to his desire to come hither wn. wee shall use the means to understand his meaning better than what wee can do by his Petition.

That paper Signd by the Corporall & 4 Centinalls more call'd an attestation relating to Capt. Courtney is defective both in manner & form & looks no bettr. than what wee usually Say made under a Hedge, whereas their Examination ought to have been taken severally and apart in writing one by one before the Deputy Govr. in Publick and each Person to Signe and make Oath of wt they have declar'd to be true, which done Such Papers wou'd be call'd the Examinations and depotitions of Such Persons as had Sign'd respectively and if this Method had been taken in the Presence of Capt. Courtney it wou'd Easily have evinced that his having resisted the Guards order'd to confine him was a prologue to rebellion which by the Law martiall is Death.

Wee do thererefore ordr. and injoyn a just and impartiall Examination of the whole to be taken by the Deputy Govr. and Councill without prejudice favr. or affection to any partie and of the first Springs and Motives of that Quarrell between Capt. Rouch and Capt. Courtney, and Send us the Same fairly written and Sign'd by you all according to which wee here shall give our Judgmt. and advise you the same as our finall resolve, but wn. you have examind the whole matter wee would have you enlargd [Captn.] Courtney to his liberty with in [......] but without either Sword or Cane [......]ordr. Place belonging to the English, Since the white Raven, but wee hope by this time you are dispatching to us the Hallifax a Cargo of Rice as formerly advis'd you the Companies acco^t^. and wee wish you would encourage and perswade any others to Send w^t^. rice or other grain they can hither and tho' wee can not Say our late famin continues, yet wee Labour under the difficulties of death and Scarcity which here, as in all places in the world, doth first and most Sensibly Effect and per[mit] the poorrer Sort, which all well constituted G [overnment] ought early to forsee [and pr]event.

On the [. . . despat]chd hence the Frederick [. . .] Bencoolen on her wee sent [. . .] Jeremiah Harrison by name to [. . .] by our Commission Extraor^y^. Wee hope to send you in May [or] June next some Quantity of Bales as you desire and as the Company have directed when wee shall be able to tell you what provision wee can make to dispatch the Frederick upon her return hither some time next October for England.

FORT ST. GEORGE
[April...1710]

Wee are now with Severall of yors. [Letts] of the [13th 17th] & 23d. March last, to all which wee shall now answer at once. No. 39

Yors. of the 13th. advices the Gusbardar Still continuing troublesome and vexatious to you which wee beleive but his Lettr. to the presidt. by yor. Peons recd. here about Some 3 or 4 days agoe shews him to be more moderate and of so good temper as that he is willing to proceed to Bengall in Company with the Prest. for wch. purpose wee Shall order a ship now in this road, bound for Bengall in a few days to touch in her way at yor. Port and there to take in and receive on board all the Severall ℘ticulars that make up the whole ℘sent according to an Invoice which either now or soon after this shall be Sent you, with an acceptable present to the Gusbardar by the Ship wee intend for yor. Port as aforesaid wee are now busy in [tr]anslating two lists of the Present in the Pe[rsion Language to be interchangeably [signd & deliver'd] between you and the Gusbardar, that [...] of the same tenore and date you are [. . . . .] to deliver the Gusbardar and [. . . . .] deliverd to you [. . . . .] Four first 50 Pags. taken up & after that Pags. 150 shall be paid to those that have yor. or their order to whom due as you desire.

Upon yor. so much complainining to us of the Muddapollam Braminy relating to the Armenian &ca. the Presidt. wrote him a Letter to which he sent his answere, with two of yors. to him which being translated and read to us they recoyle back with reflection on yor. Self because yor. said Letters, ordrs. the braminy to let the Armenian have leave to build boates and Pinnaces with in the Verge of the Companys ground, and to lend him tables & Chair's out of the Factory, Such doings Shew more of the Spleen than any Just Cause you had to accuse the Braminy of, unless you first impeach yor. own Lettrs. and ordrs. to him, by wch. he acted.

Wee inclose to you the Quantity and quality of the Metchlepatam Chey goods, the Company require to be provided for 'em, but not at the rate as bought by Mr. Lovell the dearest or by Messrs. Facquet or Fruen, the Cheaper than the former yet unless they can [be procurd] 20 ℘ Cent Cheaper than the later [. . . . .] medle with 'em the Company [. . . . .].

The President Sends by this [. . . . .] Gusbardar which with the Pres^{t}. [. . . . .] himself may be a meanes to [. . . .] his good temper wee shall suddenly write [...] by the Ship that calls at yor. Port for the Present to the king to go to Bengall as aforesaid, and in the mean time remain

N°. 40 [. . . . .] the Companys great discreditt and yor. shame, thus on yor. Lett^{r}. to which wee Say now as formerly that had you sent the Late Govr. Addisons Lett^{r}. to the Nabob and not to have detain'd it as you did as likewise a former from Govr. Pitt, in both wch. Lett^{rs}. the point in dispute between the Nabob & the deceas'd M^{r}. Holcombe was so clearly and fully Stated as to have Sett all that matter in a true light to the Nabob and then there wou'd have bin no need of their weak allegation which you recite in your Second Paragraph of Yo^{r}. said Letter which Says the Company ought to pay and make full Satisfaction to the Nabob for the Debt owing to him by M^{r}. Holcombe but we know better, & Say that if the Nabob had Sent his money to y^{e}. Company so as to have bin received into their Cash and enterd in their books of acco^{ts}. & that the Cheif and Councill had given their bond sign'd joyntly with the Companys Seal afixt, then the same must have bin a just Debt on the Company, and in point of conscience, justice and Hon^{r}. they must and wou'd have paid & the right of this our argument cant seem Strange to the Nabob w^{n}. it is so well known to the Companys Serv^{ts}. Such as yor. debashes Ca[ncoplys] and Bramines, that all aff[airs] of the Companys [such] as contracts issuing out [......... m]oney [. . . . .] money is or ought to be [. . . . .] Council in Consultation.

better grounds to make an Investm^t. with safety you shall not want our assistance in Supplying you, tho at the same time wee [...] the Company are almost a weary keeping in [the] factory [where] they reap no profitt. Wee are

Wee are now with Yo^rs. of the 13th. Currant, which came to our hands the 15th. next after, but yor. bill of Exchange, for pag^s. 300 drawn upon us Stay 3 or 4 days Longer before presented, which shall be paid to the mention'd. No. 41

We wish it may prove, as y^o. say that the Maddapollam Yaucht has rec^d. no Damage by her having been drove ashore by the Storme you had on y^e. 3^d. Ins^t. wch. yet we doubt untill you have cleard her of so much Sand blown into her as may hinder an exact Search & inspection of her inside Timbers, of wch. yor. next may better inform us wch. wee wou'd have you do with the greatest care in order to repair her well before you hazard lading any bales on her.

It is Surprising w^t. you write us of yor. head Washers denying [any] thing of their complaint in [hav]ing sent [...] against Kisna Per Ma [...] as the [...] brought the said writing [...] Sent him, he said [. . . . .] of Washers.

Complaint of the Washers begun to [. . . . .] latt^r. end of October last by y^e. [. . . . .] washers in whispers against all charges for defrauding 'em of their just [cause] wch. was soon quash'd by the Cheifs of the Cast and Kissna's art and Contr[ivances] sudden departure thence of the [. . .] hinder'd his making any disquiet [. . . . .] matter more than obliging Kissna [. . . . .] rity for his appearance.

Capt. James Hugonin having for so many years as he hath been in the Honble. Companys Military Service so well behav'd himself in all respects as that he justly deserves our fav^r. & Esteem & have therefor gratyfy'd and granted his request by allowing him the same as was to Captain Courtney before he was dismissd Viz^t. that he allow'd two Servants over and above his usuall standing pay, but wee wou'd have you take Notice that this being a Speciall fovour to Capt. Hugonin is not to be drawn into practice nor to be intaild to any his Successors for the future by Virtue of this.

M^r. Weld having on the 17th. past deliver'd in his Petition, requesting he may preceed M^r. Bulteel and take place next under M^r. Baker and wee having ꝑ us'd the Generall Letter by the Heathcote wee find him appointed to be taken in [our] Councill upon the first Vacancy that should happen as it did by Messrs. Bridges and Faunce having Quittd the Honble. Companys Service wch. gave place and ꝑcedence to M^r. Weld above M^r. Bulteel wch. wee wou'd have you do accordingly and to Continue him in his Employ of Land Custome of Coddalore and to be youngest Justice of the Choultry.

We resolve to bring your Choultry Courts into the manner and Method as has always been practiced here, that is to say, the 4th. of Councill, here of Course is 1st. Justice of the Choultry, but any of the Justices may committ a fellow if he See Cause, but if it be for a Crime that deserves either fine or other Corporall Punishmt. it is don by the Quorum sitting, and in Civill Cases of Meum and Tuum, the party thinking himself agreev'd may appeall to the Mayors Court, ys. has been the pratice here ever since the oldest of us can remember wee do not do this in any derogation to Mr. farmer in the Least, against whom wee never had any Complaint neither private nor Publick in any of his Employs, but wee Say if any shou'd find himself agreev'd by reason of a hard Judgemt. past against him in the Choultry, how shall the party appeal, the Deputy Govr. being Single alone and the Councill are ye. Justices the case thus stated makes the Question how the unfortunate may be eased and releivd, especially if passion or ℘judice should have the ascendant so much as to put truth and put reason out of Countenance wch. often happens wn. those passions run to Extreamity however the bounds of yor. Governmt. being of a larger Extent and not so compact as ours here, wee desire of yor. oppinion in yr. matter, as for Mr. Bulteel we neither do nor never did intend him to be made a Justice.

Wee woud have the Councill to Clear their accots. of their severall and respective Employs to as little a ballance as [. . . .] carn'd to the next genll. books wch. came [. . . .] po. May next for the Ensuing year [. . . .] all pray send us a list of all bad Debts with yor. reasons how they became [so] because the Company wou'd not have us swell up their books with any Such bad Debts as past recovery wee now ordd. you possitively to Establish Padre Don Simon De Costa in the Portuguez Church of Jeffnapatam, and ℘mitt Padre Paulo D Saw to injoy and possess his Church at Coddolore according to the agreemt. made here this Day between both ordrs. and dismish Padre Mannuel D'Silva forthwith for Such reasons as we shall give you here after. COUNCIL FOR AFFAIRS OF THE UNITED TRADE IN BENGLL.

No. 42 Our last to this was of ye. 24th. last month by Essex Copie of wch. comes herewith in the close of wch. Letter we advisd the Swift Stakes from Port having been arriv'd at Trincombar on the 18th. last month, She brought us no generall Letter, so yt. wee have none of yors. upon our hands to answer that Ship was unfortunately drove a shore and broke to peices at Trincumbar in the great Storme that happen'd on the 2d. Instant about full moon and the Tonqueen Merchant by good providence very narrowly escap'd being lost, she arriv'd this Port on the 7th. Instant a very lame Ship having lost most of her Masts & ye. Morning Star being forc'd into 5 fathom water at Negapatam arrivd this Port the 5th. Instant a very maim'd Ship, the Swift [Stakes] men were all Sav'd but one Laskar that was drowned.

The Mores Ship that Capt. Hart carry'd hence to Bengall last September having lost her passage to Persia was drove a Shore and broke to peices at Porto Novo all her Cargo and most of her people being lost, while wee here had not any Least Damage for which God be prais'd.

Wee have no news from the other si[de others] then what the Charlton brought you a [shore...] hence 4th. Instant for yor. Port by whom wee [sent] you a Packett from the Honble. Court of Mannagers which came by the Godolbin Via Trincumbar.

We have resolv'd that the ℘sent designd for King Shallum which hath laid at Metchlepatam Since August last Shall be sent you, being in hopes it may meet Zoode Cawn there who will take care to forward it to Court, agreable to his own orders to us in that matter, but we shall find it hard for us to oblige any Country Ship hence bound for yor. Port to touch in her way at Metchlepatam Especially if they have any concern of treasure upon 'em as most have, but we are in dayly Expectation of the President from the West Coast, after so long a Voyage as since the 14th. April last that she sail'd hence, she was well at Batavia in October last, and in a few Days was to Sail thence for Bencoolen a long and tedious Voyage.

It is a surprising pleasure to us, the good News wee have by ℘vate and ℘ticular Lett^{rs}. of yor. having dispatch'd Home the Loyall Bliss a full Laden Ship so soon after, She was arriv'd so late wth. you, but that she can have her passage is y^{t}. wch. we very much doubt, wch. is yet rather possible than probable, but the measure of our Joy woud have bin compleat were the Hallifax arriv'd here.

There has arriv'd this Port about 6 or 7 weeks past a fair large Arab Ship of about 500 Tons the Noquedahs name is Sheik Abrahim an Inhabitant of Caung in Persia as appears by two Passes he hath produc'd to us, one from the Chief of the Portingall Nation residing of Caunge the oth^{r}. from the Dutch Chief or Director at Gombroon translate of the first wee send you, and the other wee got read to us, but cou'd not so conveniently get translated he hath desird our Pass for a longer Continuation of time wch. we have excus'd giving on the score he is none of our Inhabitants he hath not brought any thing hither prosperity call'd a Cargo but a few remains of Dates, Almonds, Persia fruit and a little Rosewater he hath carrid himself civill and quiet here & paid the Establishd duties of the Port, he is known to some more Merchants of this place who respect him as a fair trading Merch^{t}. he is bound to yor. place with intention to Lade his Ship with a gross Cargo for Persia but we hope yor. wisdome and prudence will so ord^{r}. matt^{rs}. as that he may not be a rub or a block in y^{e}. way to hind^{r}. any of our mast^{rs}. Ships getting a freight to Persia if any shoud hapen to be wth. you in the proper Season y^{t}. you cou'd not otherwise bett^{r}. dispose of.

We formerly advise you our having agreed to let out to freight the Ship Hallifax on a voyage to China for Pag^{s}. 8000 when wee requested yor. utmost endeavours to return her Early to us in wch. we do not doubt but that you did yor. best, but our agreem^{t}. being conditionally as to point of time, and the Hallifax not yet arriv'd here and the season begining to be late gives great anxiety to the freighters & may turn their thoughts to resolve making a new Contract for a Danes Ship either for China or Persia which may give some more scope to the H[allifax] if happily she arrives to Nick the time by [...] before the Danes ship sail, hence for China wee Endeav^{r}. to ℘vail with the freighters to Davort y^{e}. [...] ship from Voyage to China in favour of the Hallifax but then we must in point of hon^{r}. & in faithfullness to our promise freight y^{e}. Danes Ship for Persia, but if it shoul'd so happen that the Hallifax arrive here after the Dans Ship is gone hence for China, we must return her down to you again with w^{t}. bales we can spare in ord^{r}. to be dispatch'd by y^{s}. for England thence proper season if possible or to be let out on freight to Persia, wch. last we think may be no hard matter for you to Effect when they have consider'd the ill fate of the Thoma lost and broke to peices at Porto Novo wth. a rich Cargo from Beng^{ll}. as aforesaid will make people wary or Cautious how they adventure on slight built Contry ships as that unfortunate ship was.

In yor. Lett^{r}. of Novemb^{r}. last by the Kent & Som^{rs}. you advised the fall of Batty on the Madrass Rup^{s}. we therefor now send y^{s}. wrapt and seald up by the Hands of Capt. Hart an Essay taken out of 10 sev^{ll}. Bags ten Rup^{s}. out of Each bag indeferently and melted down into a Cake in the ℘sence of two of the Councill and both Essay Masters, wch. Cake so melted was brought into Consultation and there

broke before us in 3/3 we sent 1/3 to Engl^d. by the Kent and 1/3 now to you the oth^r. 1/3 wee keep here to the End it may be its own Evidence to prove their intrinciall Value.

Capt. Hart whom we intented this was to have gone by, is not yet ready to go so soon as we first thought, we shall therefore keep this Lett^r. open to the very last, as not knowing what a Day 2 or 3 may bring forth in matt^rs. worth our advising you of.

May 8th.

This has lain by us so long till now, that wee can certify you that on the ℘mo Ins^t. hath arriv'd here the Dolbin and the Elizabeth last from Bombay but make no Harmony of any good markett at Surat and at Noon the same day arriv'd here the Charlton from Bombay order'd thence for the West Coast wth. a stock of £6000 in Treasure, whom we shall dispatch hence in a few Days to prosecute his said Voyage we are advis'd by the Gen^ll. on y^t. side that the Godolphin was arriv'd at Bombay on the 26th March last & y^t. y^e. Dispatch ffrigot Capt. Cason was taken by the French of the North of Scotland.

On y^e. 2^d. Ins^t. arriv'd here the Hallifax to our great satisfaction wth. yor. Packet, to which we shall give answer by the next that offers hence. We are most respectfully

COUNCILL FOR AFFAIRS OF THE UNITED TRADE IN BENG^LL.

OUR LOVING FFREINDS.

No. 43 Our latest to this was of the 27th last Month & 8 Currant by the Thomas in wch. we gave you, yor. Just Encomium for yor. so very great ℘formance beyond Expectation in sending Home so much Tonadge as hath filled up the 4 ships you have dispatch'd for England, which will give you an Establish'd Reputation with our Honble. Masters thô we fear the Loyall Bliss (as some beleive) may be with you still, which you cou'd not help.

Now in answere to yo^rs. by the Hallifax concerning the Som^rs. Kent not having touched at Vizagapatam in their way hither in Novemb^r. last which you knew nothing of we are apt to beleive might have bin the late Govr. Pitts ord^rs. in the respective dispatches of both said ships hence to your Port last Somer.

Yo^r. having taken Tonadge of Capt. Wooly is justly Grounded upon the Companies Establish'd order as by the Copie sent us, but then it is to be understood, that such ship or ships bound hence for yor. Port having once paid their Tonnadge for once and the self same Voyage is not Lyable to a second paym^t. with y^s. wch. wee take to be y^e. Comp^as. plain meaning.

Capt. Hamiltons drawing upon the late Govr. Pitt for Payment of the Dutch ship bought of the French was upon a supposition that Govr. Pitt might have recover'd the summ of Rupees 5000 due from the Estate of M^r. Maxwell deceas'd to Capt. Hamilton, wch. tho due as aforesaid yet in fact Govr. Pitt nev^r. Rec^d. one Penny of that Debt Capt. Hamilton was at Metchlepatam in January Last whence he wrote the

Presid^{t}. that he made a tender of his ship to the Dutch Cheif there which he took in good part but said they had no ord^{rs}. concerning her he saild thence to Vizagapatam and was very assisting to the Gentlemen there (as they write us) while that factory Labour'd under so much trouble by being surrounded by Fackquirla Cawns forces who had for some sev^{ll}. Days block'd up all the ways and avenues of their bounds, who makes his demands on y^{e}. Company for a Debt due to him from M^{r}. Holcombe deceas'd formerly Cheif there.

Capt. Hamilton w^{n}. at Vizagapatam sold his Dutch Prize Ship, for Rup^{s}. 15000 to an Armenian bound to Pegu, whether Capt. Hamilton is also gone upon a vessell belonging to M^{r}. Hastings which he is to enlarge to rebuild there.

Capt. Hamilton of the aforesaid sum rec^{d}. at Vizagapatam Rup^{s}. 7000 and in Pegu is to receive to the amo^{t}. of Rup^{s}. 3000 Current money of y^{t}. place w^{n}. arriv'd there and the other 1/3 being Rup^{s}. 5000 with 25 ℘ Cent Respondentia is to be rec^{d}. by his Certain Attorney hereafter the usuall allowance of days for payment after her arriving this Port so that [......] you formerly of that matter goes for nothing now.

Wee have agreed with the owners of the Morning Star, in her way to Bengall to touch and call in [att] Metchlepatam and there to receive and take on board that part of the Kings ℘sent that hath lain so long there as from August last Invoice of which with Copies of most Lett^{rs}. and papers that had past between y^{e}. late Govr. Pitt and the great Men at Court we send you by which you may observe what a proper Genius he had adapt to so great an undertaking amongst these papers you'l find all the severall Emunities & privildy (*sic*) endeavour'd to be obtain'd and incerted in our Phirmand in such manner and so well worded and clearly understood in the Persian Language as may render nothing intricat doubtfull or have a double meaning these papers will much facilitate to you the great matt^{r}. & bus[iness] y^{t}. hath so long bin in suspence to wch. your own good Judgement may add w^{t}. more may [be] needfull so that nothing may be ommitted of w^{t}. is absolutely necessary to be obtain'd.

In hopes that Zoode Cawn may be arriv'd by y^{e}. time at Hughly, the Presid^{t}. has wrote him a congratulatory Lett^{r}. wch. is now five or 6 Days old and seald up, since wch. we rec^{d}. yesterday a Lett^{r}. from Zoode Cawn by Cassid [......] to Aga Mackeem a Merch^{t}. [. . .] said Lett^{r}. is now transla[ted and will] be sent y^{o}. eith^{r}. by [. . .] are to sail he [. . . . .] rec^{d}. here in January last translate of wch. we have long since sent you as you have acknowledged.

From Bombay the Gen^{ll}. and Councill there advise their having dispatched home on the 16 February last the Tavistock and Wentworth Cargoes amo^{t}. to Rup^{s}. 934927 : $\overset{\text{pice}}{31}$ and since we hear the Abingtons hatches were Calked up the last of last month, and that the Tankerfeild was let out to freight from Surat to yor. place, and to be dispatch'd thence back next November.

We have now in the mint and warehouse ready to be sent you, on any Comp^{a}. ship that shall happen to arrive Rup^{s}. 360000.

We intend this by the Morning Star and shall send its Copie either by the Dolbin or y^{e}. Malbrough.

To M^{R}. PHILIP NODEN
AT METCHLEPOTAM.

No. 44 Wee are with yo^{rs}. of y^{e}. 31st. March 1710 and [in the] same Letter yor. additions in y^{e}. 3^{d}. and 7th. of April last which hath little or nothing in it for us to answer but w^{t}. has been over and over again—Viz^{t}. the trouble the Gusbardar gives you.

Y^{r}. latest rec^{d}. by the Vizagapotam Mulla was of the 29th. April wch. contains a rhopsody and broken English and worse sense, such as our black servants usually speak when they are Novices.

Upon the whole we observe how Vexatious the Gusberder continues to you by reason of his tyred out Patience and therefore to Ease you & our selves for once and all, wee have agreed wth. the owners of the Morning star bound hence from Bengall to touch and call in at Metchlepotam to receive and take a board all the severall ꝑticulars of the present, the Tents only excepted which was intended to Lodge & accommodate the ꝑsons that were to accompany the ꝑsent by Land travelling as at 1st design'd, we have rec. yesterday fresh ord^{rs}. from Zoody Cawn by Cassid from Patna positively by all manner & means [to] send him down the Kings ꝑsent to Hughly [where] he now is and let Duan mull or y^{e}. Gusbardar refuse or hinder y^{e}. same at their [risque if] they dare wch. y^{o}. are to lade [. . .] for wch. y^{o}. must oblige [. . .] of said ship to [. . .] one Tenor [. . .] consignd to John Russell Esqr. Abraham Addams Esqr. &c^{a}., Councill for Affairs of the United English trade in Bengall, we send you an Invoice of said pres^{t}. hence wch. y^{o}. say you never had and the Warehousekeeper ever was sent you.

We send now a handsome ꝑsent to the Gusbedar to keep him in good humour and likewise we send you for factory Expences & other necessary charges Pags [*Lacuna*] for wch. you must Credit Acco^{t}. Currant Fort St. George.

But the owners of the Morning Star are very urgent with us to oblige you not to detain the ship any longer than ten working dayes at your Port which y^{o}. must use your utmost diligence to expedite yor. business accordingly we finding, it a very hard matter to oblige any master of a ship to touch at yor. port at such a time of y^{e}. year as now by reason of the strong land winds that blow there in this season, and the bett^{r}. to facilitate yor. business that y^{o}. may have no rubs in your way Duan Mull must know by y^{e}. time y^{t}. the Government of Metchlepotam as to y^{e}. Maratin is now under Zoody Cawn who has orderd his officers and Deputies in all the sea Ports on y^{e}. Coast to Bengall y^{s}. matter thus orderd will mak y^{o}. and us Easy.

In a Paragraph of this Letter previous to this we said we woud send you down some [money] to defray necessary charges but M^{r}. [. . .] you either have already in your Hands or may have w^{t}. Money you many [have] occasion for of his for the End aforesaid so that we do not now for that reason send you any.

Wee send you down Copye of the orriginall Letter last rec^{d}. from Zoody Cawn attested by the Cage, which hope may moderate and Qually [fy] Duan Mull and the Gusbedar to better [temper] and we beleive if any of Zoody Cawns new officers are arrivd with you they will ready give you their Assistance Copy of said Letter you must keep but let 'em see and read the same only. FOR MR. FRANCIS HASTINGS

CHEIF &CA. COUNCILL AT VIZAGAPATAM.

No. 46 Our last to you was of the 10th. April since wch. are come to our Hands yours of the 4th. 6th. and 15th. April and 4th. and 5 May last.

That of ye. 4th April last we take to be your Genll. answer to ours of the 25th February by ye. Rising Sum Smack in which we observe by that as well as by severall former & subsequent Letters the Cheif Mr. Hastings takes a great deal of pains to urge ℘swade all he can that the Company ought to pay that old Debt due from Mr. Holcome [&] Fuckerle Cawn, but gives no solid reason to [ind]emnify us if we shou'd [do] so any more than [. . . . . . .] the Company might await a more favoura[ble opportunity] to reimburs and pay 'emselves out [. . . .] Annumutaraz, Countrys as the [. . . .] me due this is putting the [. . .] game to retrieve ye former, [. . . .] to ourselves) wee needed not the help of one so ingenious and of so many Complicated parts as the Chief is master of [. . .] that whole matter wou'd be so Easy as only to [. . . . .] and to have as that any Braminy or Conicoply might effect, and we liable to reimburse the same into the Company's Cash for doing that [which] we had not their ordrs. and then wou'd the Chief be so generous as to come in for a share of repaymt. for his good Councill as being the only remedy he proposes, besides to pay our [selves] of the rents of Annamturaz in whose Coun[try] you say most of the Companies Cloths comes [from] seems to us a very wield (*sic*) extravagant Notion the Consequence of wch. wou'd be a Constant Quarel[ing] with stoppadge of our Cloth without any [Cer]tain paymt. and none before, nor since cou'd [be] more with those Rajaes than Mr. Holcombe and in the End became a Looser.

The Chief can't but know because we [wrote] it in ours to you of ye. 25 February last h[ow] little the Company Valued their keeping of [Viza]gapatam wch. brought 'em no proffitt, but [a] Certain Loss and dead Charge this was some y[ears] before Mr. Holcomes death, and Debt had in [...] so much trouble to the Companies [Servants] as it is more fully mention'd in the af[oresaid letter].

The Cheif seems to complain of some [. . . .] from Fort St. George but will not [. . . .] repition of those griva[nces] [. . . .] refers us to their Cons[ultation of the] and their Genll. [Letter of the...] both wch. the Presi[dent . . . .] impartiall [. . .] any ways a derogation to the Credit & respect due to one in such a Post as represents his Honble. Mastrs. thô we think the Chief and Council jointly are the right representatives by whom all Publick Acts, Grants and Cowlys, or anything farm'd out are to be signd, by which the Chief means himself to be restrain'd from the sole and single Power of signing such grants and Cowlys by himself only, which is contrary to wt. we practice here, thô we may beleive, that the style of writing at that time might be somewhat harsh, yet the orders they injoyn'd were just, as appears by yor. promise of obediance and Complyance in the aforesaid Consultation of no Date, all which to do the Chief right as he desires and refers us to, the Presidt. hath perus'd all the sevll. Genll. Lettrs. sent you hence last Somr. we observe by those Lettrs. that the then ℘sident had order'd Jugapah the Braminy with some others to go up to Annumturaz to any

indeferent place that shou'd be assign'd and agreed upon to adjust the acco^ts^. of Debts owing by the Rajaes to the widdow of the deceasd M^r^. Holcombe which you promise but was never done to y^s^. Day, yor. not delivering the Presid^ts^. Lett^r^. with a Gentue superscription and y^e^. same in English underneath sent in y^e^. Generall Packett wch. the Chief return'd hither [with] the Currant of Complaints against him [. . . .] to act most matters in the Comp^as^. [. . . .] single power these were to con [. . . .] wee presume made y^e^. Generall [. . .] run in so tart a style.

In Perusing your Letter of the 4th April last, we think it strange to meet with so many Contradictions [in] yor. former Letters, as for Instance that of yo^rs^. of the 9th January last, you say by the dearness of grain y^e^. m[en] are forc'd to sell their ornaments to buy 'emselves [...] at a time w^n^. y^o^. were not besieged, & how much must it have been w^n^. y^o^. were wch. made [...] that rice upon the Rising Sun Smack for a subsistance to our sold^rs^. to be deducted out of their pay as y^e^. same shou'd become due at Invoice Price and now you ask us w^t^. you must do with when y^or^. selves wrote us to send you all manner of stores.

Yours of the 21st January highly comme[nd] Capt. Hamilton for y^e^. ready assistance he promised but why did not you then advice us the terms and Conditions when we wou'd have spared incomiums of him wch. you have so much en[tered] upon, which good service degenerats into [......] of mercenary like the proverb no argent [no] swize, bet it wou'd better become yor. Cheif write more plain and less haughty.

The Chief is fully in the right in desiring manifest be sent him from the English Gent[lemen] that Consign any Effects to the care of black Merchants which we shall observe & do accord for the reasons the Cheif gives that the Co[mpany] be not defrauded of their Customes by [. . . .] their own goods under [. . .] Name.

The Chiefs ackno[wledgm^t^.] to the Gentlemen of this [. . . .] taken well and we promise all and every of us to be his friends if he will come up intirely into our Honble. Masters Interest for we take no pleasure in this way of pro and Con between us, but when you prevaricate and not only deviate but willfully disobey our positive orders as if it were on purpose to overset all our best designes here and to show you that this is no wrong assertion of ours we shall calmly lay the following before you either to deney or prove the contrary if you can.

Were not you order'd by the Gen^ll^. Lett^r^. hence of the 3^d^. of June last to send up Jugapah y^e^. Braminy and some others to adjust acco^ts^. with annumuturaz and Pyerow relating to the debt they owe M^r^. Holcombe, and all this in a time of peace when Fuckerle Cawn was not in those parts but was this ever don or ꝑform by y^o^. or Jugupah sent hither as then and often since orderd.

Was it not at yor. Earnest desire that both the late presidents wrote their Expostulating Lett^rs^. to Fuckerle Cawn wch. gain'd you some time and respit from those troubles you y^n^. and since have agoniz'd under because that Nabob eager in Expectation of those Letters which you rec^d^. but never sent coud not but hope greatly irritated Fuckerlcawn to find himself frustrated but for this you form'd an Excuse ready at Hand and say that had you deliver'd those Letters it wou'd have put all in a flame which that Nabob wou'd [have] resented to the highest degree and utmost securities, but is the matter mended as the [...] hath prov'd, have you not bin highly [. . . .] to chuse you one of three either to pay the Money leave the factory, or freight Fuckerle Cawn and at last beseig'd now we ask you cou'd it have bin worse if you had deliver'd those Letters you detain'd in your own hands this is a strange ꝑvar[ica]ting, but to show your Master piece in this [......] we offer you this Instance that at the time Mulla arriv'd with you on the Rising Sun Smack, the Nabob Fuckerla Cawn hearing he was come from Madrass sent his Chubda to inquir of the Chief of the Mulla had brought money with him to pay his old Debt the Chief told him he had at which time the Chief had [sent] away the Mulla with the Persian Packet to the Nabob but without either Juggapah or the ꝑsent as was order'd, and then the first thing the Nabob ask'd of the Malla was if he had brought money to

pay him, who answer'd he had not brought any more then a Packet and some choise things as a ℘sent for him and then to confront the Mulla, the Nabob sent for the Chubdah who avered to the Nabob before the Mulla's face that the Chief told that the Mulla had brought the money with him which put the Nabob in such a rage that he wou'd not receive the pack^{t}. put bid the Mulla begon, this was such a strange piece of under hand working as that shall leave it to any to give it such a na[me] as it deserves the rather because we sent you the English of all y^{e}. sev^{ll}. pap^{rs}. we sent the Nabob, [&] Presid^{t}. single Letter to him only excepted.

Besides w^{t}. has bin said y^{o}. never sent us what that certain Debt is owing to the Nabob any otherwise than undefinite, nor have we seen any acco^{t}. Curr^{t} from you how matters stand between the deceas'd M^{r}. Holcombe and annumuturaz and Pierow his Creditors so that we were forc'd to take all that paines here and send you wch. might have bin easier don by y^{o}. upon y^{e}. place Jugapah having all those accounts in Gentues.

And as to yor. Gen^{ll}. Letter to us of the 14 Septem^{r}. last which you so much refer us to we have again perus'd where you say the mony sent was Pag^{s}. 44000 and w^{t}. remain'd to pay was Pag^{s}. 20000 if you have not mistaken the Letter in Pagodas instead of rup^{s} because by y^{e}. acco^{t}. Curr^{t}. we sent you by the Rising Sun Smack, the ballance due to the Nabob seems to be but a little less y^{n}. 1/3 of that summ of Pag^{s}. 20000 you say is due to the Nabob.

You were desir'd a long time ago to keep books of all such Lett^{rs}. you send and receive from the Governm^{t}. and to send us here one of such books to be yearly sent hence to the Company in which y^{o}. have hitherto faild, we now require yor. ℘formance.

To a circumspect wise and prudent Chief we wou'd be willing to allow a discretionary power even of him self in such matters where the nature and necessity of some things requir the same, but not otherwise than with the privity and Consent of the Council and then the Chief may have the Executive powe[r] to put in practice what hath bin first concerted amongst 'em because it may be of ill consequence to Lodge [so] great a power in some single ℘son, least the sa[me] shou'd seed out into that of arbitrary and dispotick and woud beget many Causes of Complaints and then the Chief wou'd be put to his shifts to [......]by his own single Testimony of himself by the Name of false and malitious Informations.

You insist still that the Company ought to pay M^{r}. Holcomb's Debt to Fuckerle Cawn, and they to await more favourable times to reimburs 'emselves out of the Rajaes rents, but this has not Coherance with w^{t}. you say afterwards in the same Letter an[d] is a flat contradiction for their Rustumdill Cawn the greatest Nabob that ever was in those parts and after him Media Ca[wn] yet neither of 'em could get full paym^{t}. of [the] kings rents from those rajas y^{e}. former you say deluded Mr Holcombe to the lending of money by his fair promises, but the Latter Media Cawn cou'd not receive ¼ part of the Kings rents and if it was so difficult to get in to the Kings m[...]. You say w^{t}. dependence can be made on the Rajaes bonds to M^{r}. Holcombe wch. plainly [at]tests yor. first orgum^{t}. of a favourable opportunity for the Company to reimburse 'emselves.

That factory as matters now stand by [us ...] of yor. great charges is more than ever an eating Canker in the Companies Estate and it were better for 'em to reduce it to the ℘sent state and Condition of Metchlepatam, Maddapollam, because it is not safe to send you any stock of mony to Invest to alleviate in some measure yor. great charges & Expences, nor can we think of any termes of accommodation with the Nabob, before he receives the ℘sident's Lett^{r}. and his answer thereto to know how much it is he woud be at wch. to this day y^{o}. never told us by any acco^{t}. y^{o}. ever sent hither wch. Juggapah might have don & not withstanding of all the large encomiums you give us of him yet he has hitherto approv'd himself as useless in those matt^{rs}. as a watch that does not go is to a Traveller.

We will try w[t]. may or can be don with Isuph Cawn Subay of Golcundah to whose Governm[t]. those Countrys of the Rajaes belong and give him the plain state of the Case as to the Rajaes Debts to M[r]. Holcombe as likewise his Debt to Fuckerla Cawn & the Presid[ts]. former Lett[r]. to him we return you to wait a proper time to be sent him.

What more of yo[r] Lett[rs]. y[t]. lye on our hands shall be answer'd by our next, and we assure you we have a great concern and a reall fellow feeling with you in all your suffering as being with all affection and sincerity

You gave us hopes that you wou'd get of the Maddapollam youcht next spring tyde after the Date of yo[r]. s[d]. Lett[r]. since which we have not heard anything more from you.

We think you might have laden the Comp[as]. Bales on board y[e]. Harriot Cap[t]. Weld, w[n]. at your Port or any other good ship or vessell that might call in at yo[r]. place bound hither for which you have a former old ord[r]. that hath never bin revok'd and

There is one James Paten formerly of the Gunroom Crew at Fort S^t. Davids who brought us the D. N°. 49. The foregoing is Copie of w^t. wrote you by the Gulcondah Capt. Samuell Heart Command^r. since w^n. on the 9th. Curr^t has arriv'd here from Surrat but last from Bombay (the 12 May) the Tankervile Capt. Newnam being let out to freight by the Gentlemen at Surrat to yor. Port, & thence back again, the Capt. wee wou'd not oblige to take on board our Honble. Masters Treasure of Madrass Rup^s. for yor. Place

any otherwise than that we shou'd pay freight for the same which we are not willing to do, as hoping an opportunity may ℘sent to save that charge unless we knew you took up money at Interest which you advise us of.

The Morning Star whom we sent to M[etchle]potam there to receive and take on board the Kings ℘sent arriv'd that port the 25th. past stay'd her ℘fixt time, and saild thence *Rein facta* we are in great pain & agony of thoughts till Zoode Cawn arrives with yo. and his officers to Metchlepotam the better to facilitate the putting on board the ℘sent to be sent you by any good ship wee can meet with to send thither.

Capt. Leshly of the Abington was dispatch'd the 7th. of May a full ship for England, but not being able to put in at Gally to stay there till the proper season to prosecute his Voyage arriv'd here the 30th. past month.

To Mr. Phillip Noden
at Metchlepotam.

Since ours to you of the 17th. of May last by the Morning Star we recd. yors. severally of the 8: 18: 30: 31: that month, to the needfull of all which wee shall now answer. No. 50

The two great Guns you speak of, formerly belonging to the new Company are with every thing else appertain[in]g to 'em as they were a distinct body to be brought to the acco t. of ye. united Company now and hence forward.

Yor. Bill of Pags. 200 drawn on us we have accepted & paid as directed.

Yors. of the 30th. last month advises the Morning Star to have arriv'd yor. Port the 25th. that month where she did nothing to that End she was sent you, for the reasons you give us, & you did well in not detaining her any longer because wt. intended was not effected, the Presidt. hath therefore wrote a letter to the Suba of Gollcundah, fully representing to him that whole matter, whose answer when we receive shall send you a Copy translated, mean time fail not to advise us so soon as [...] any of Zoody Cawns officers are arriv'd wth. you & wt. new ordrs. they bring concerning the Kings ℘sent.

The Company have order'd us to demolish their old ffactory at Maddopollam & to bring hither all her most substantiall & best Timbrs. by great Boats to be hyred and all the House moveables wch. are severall and many according to the accot. our Braminy there sent us, and you must make the most of every thing of that once costly building that is not worth the charges sending hither bricks & paving stones & window frames &ca. excepting so much as may be necessary for the well repairing the new built factory we give yo. this notice, that you may ℘pare to get boats ready so Soone as the Northerly Monsoon may favr. their bringing hither which may be next Septembr. the bricks & window fram we think you may sell at Maddapollam concerning wch. we shall discourse Narran & advise you in our next.

We wou'd have you make a tryall and advise us the best termes you can oblige a good set of Pallankeen boys to come and continue here and be taken into the Company's service one or two of w[ch]. wee wou'd have to speak or understand a little English, those boyes we have here are so much degenerated from w[t]. have bin formerly that they are good for nothing. we are

Just now at signing this is arriv'd yo[rs]. of the 13th. month wth. Invoice & Bill of lading &c[a]. yo[r]. Tappys are very slow & its generally the 4th. Day from the date of the lett[r]. before we receive them.

TO EDM[D]. MOUNTAGUE ESQ[R].

DEPUTY GOV[R]. &C[A]. COUNCILL AT FFORT S[T]. DAVID.

Wee shall now ℘form w[t]. promis'd in our yesterdays Lett[r]. to you.

N°. 52 As to the Yautch drove ashore in the storm you had the ℘mo Aprill last, when you said she had rec[d]. no dammage, was sooner advis'd than well consider'd, as the Event hath prov'd.

We are glad yor. Merch^{ts}. have now finish'd their investm^{t}. wch. by that article of their contract they ought to have done by the 20 February last pray advise us what good temper they are in for agreeing to make another Contract and for how much they are willing to undertake.

With yor. said Lett^{r}. came yor. stewards acco^{ts}. and the list of Debts, but that of M^{r}. Ingrams relating to the lead has bin paid and brought into the Comp^{as}. Acco^{t}. cash wch. the late Deputy Govr. Roberts avers to be true.

We have paid yor. Bill drawn on us to Messrs. Cradock & Mullenux.

Yo^{rs}. of the 11th. is indeed very surprising as to the Moors having seiz'd & carry'd away Capt. Hugonin & Ensign Reay to Walldour fort, and when you wrote to that Phousd^{r}. to know the reason of their so insolent affront in a time of all fair friendship between you and 'em, they answer you y^{t}. those that rent the Walldor Countryes are about 25000, Chuckcrums behind hand in paym^{t}. of their rents, so long time due & that they shelter 'emselves und^{r}. yor. umbrage & protection to avoid paym^{t}. of all which they wrote you formerly but never rec^{d}. any satisfactory answer.

Some of us here that sign this Lett^{r}. do well remember that those rent^{rs}. or any oth^{rs}. that are concern'd in any matt^{rs}. wth. the Country Governm^{t}. was by a speciall ord^{r}. from hence in our ℘decess^{rs}. times forbid to have any share of any Contracts made wth. our merch^{ts}. for any Investm^{t}. w^{t}.ever, and w^{n}. S^{r}. John Goldsborough then Commissary generall went hence in Anno 1693 to yor. place to suppervise affairs there he Enacted in Consultation as a perpetuall standing Ord^{rs}. that none of the renters of the Countrys about you shou'd have any habitation or protection within the Verge of our bounds and Governm^{t}.

This strange practice of prosecuting the Country Renters furnishes our [. . . .] neighbours & small friends at S^{t}. Thoma w[ithin] argument that they do but Copie after the English by giving their protection to severall indebted to this place.

And thô we wou'd not have you at this juncture deliver up those renters to fall a Victum to the late insults and triumphs of the Moors, yet we wou'd have secure 'em & write to the Governm^{t}. to send to you any indifferent ℘sons but good accountants to adjust all matt^{rs}. in difference between both parties & then that just satisfaction be made to the party injur'd wch. w^{n}. done you may in some time after get yor. selves perfectly rid of 'em the better to ℘serve a firm good friendship between you and the Governm^{t}.

Yo^{r}. next subsequent is of the 13th. wch. wee rec^{d}. yesterday with the inclos'd Invoice & bill of lading for w^{t}. bales y^{o}. have laden on y^{e}. Rebecca Capt. Holland Command^{r}. of which we can say nothing, none of yor. Bales being yett come ashore, the Ship arriving late in y^{e}. night was not come into the road till next Day, & this proving rainy (but otherwise moderate) nothing cou'd be done.

With this we send you the Presid^{ts}. Lett^{r}. to be by you sent to the Phousdar of Walldore as supposing Capt. Hugonin & Ensign Reay are not yett released, & the same in English we send you for perusall, that you may see & know our mind.

[No. 54] Yesterday recd. yours of the 24th. Currtt. by which we observe that matters are so far from mending that they are grown from evil to worse relateing to the Captives whom you Say are Sent from Walldore to Chingee and we are at a Stand what to do or direct any orders to you untill we first hear from the Phousdar of Walldore and have his answer to the Presidents Letter.

Meantime we enjoyn and ordr. you possitively to secure and keep in safe Custody all the Relations of the said Renters severally and a part for whose sake with so much shame so great a disgrace hath befallen you as the Carring away your prime Millitary Officers their Captives in Triumph and it Signifies not so much to the purpose what the Arbitrators have done as to the making up the Acctt. between the Renters ought to Show and produce the Originall Lease and Grant of all the Severall Villages Rented out to them and the amount of the whole ℔ Annum and to Show discharge and acquittance or so much either of ye. whole or in part as they have paid, of what farmed out for.

And it is too mean a thought of yours and very unworthy of such a Constitution as formes you into a Deputy Governr. & Council who are presume to be so prudent and wise to tell us you are inform'd that force the Captives releas'd first the Renters Relations would soon after pay the Debt but should they pay it now before our people are releas'd they would bring some unreasonable demands on them afterwards by which you or they mean that our People Should Continue so long Captives untill the insult seems and slights of Victors are Satiated and Pass'd.

When you imprison'd [. . . . .] you may then soon come to know where [. . .] hands their effects are to be found.

Thus for we have wrote [. . .] Presidt. recd. the Phousdar of Walldore [. . .] which being wrote in the Mirata La[nguage...] our People for that purpose then [. . .] way it was this forenoon the 29. before the Translate was brought us in Consultation Copie of which comes herewith for you to answer by which you'l observe it differs much in the way and manners as you have stated the Case to us.

FORT ST. GEORGE
28TH. JUNE 1710.

TO THE WORSHIPFLL. JEREMIAH HARRISON ESQR. [No. 55]
OF OUR COUNCIL ATT FORT ST. GEORGE, DEPUTY GOVR. OF YORK AND SUPERVISER FOR ALL AFFAIRS OF THE HONBLE. COURT OF DIRECTRS. OF YE. UNITED COMPA. OF MERCHTS. OF ENGLAND TRADING [TO THE] E. INDIES ATT BENCOOLEN [AND ALL] OHER HEIR SETTLEMTS. ON [THE] COAST OF SUMATRIA &CA.

Srs.

Our Latest to this was of the 9th. March last by the Frederick Capt. Richd. Phrip Commander who sail'd hence for your Port, the 11th. that month and Carried our Packett with our Commission under the honble. Companies Larger seal for establishing the Councill att Bencoolen and appointing Jeremiah Harrison Esqr. Depty. Governr. of York Fort and Supervisor & Cheif of all Affairs of the Honble. the United East India Company both England Millatary in all their Settlemts. on the West Coast at Sumatria to which we refer and in hopes that he hath survivd that Voyage and is happily Long before now arriv'd with you we take Occasion to Congratulate his accession to the Governmt. of those [parts] in a [Post of so great a] Trust as we have intrusted & committ'd to his Charge and Care whom we pray God to prosper in so great an undertaking.

[H]aving promis'd thus much we are now to advise [you th]at the Loyal Bliss arriv'd Rouges River the 25th. January last and was full Laden and dispatch'd for England by the Latter end of Febry. but was forced to put back again as having Strain'd her Bow Sprit and lost some Anchors, where he must stay till next Season offers for prosecuting her Voyage the Council of Managers not variating from their former orders as having dispatch'd her within her Charterparty Limited time.

On the ꝑo May last the Carleton arriv'd this Port having been dispatch'd from Bombay about the 27th. March last bound for Bencoolen, but that Season not favouring his Voyage any otherwise than what might [be] expected by a Teedious long passage and other[......] produced to us as the Consultations of his Off[ice att] Zelon whom we detain'd here some time Long[er than] intend'd, because the Country Governmt. is some r[espects] unsettled Since Daud Cawn was call'd home in A[prill in the] Courts.

The Carleton brings you Sea Chest [. . .] from England and we have Laden upon him [. . .] 80 Tun and 20 Redwood which goes Consign'd to you as ꝑr. Invoice and Bill of Lading of the same.

Wee incloѕe you here a List of all the Severall old Bills drawn upon us that we have pd. here since the Depty. Governr. went home with interest which you are to take notice of, and we wou'd have you enquire and examine impartially into the matter of Debt said to be due to [Mr.] Weo[ly] Deceas'd because the Honble. Compa. make some objections to the paymt. of his bills in England we wou'd have the Case Stated truly and fairly and send us, as well as to the Company an Accott. of the Same.

We Suppose the Nathaniel may be arriv'd you ere Long this and that the Frederick is still with you and now the Carleton and that all of them may be more Tonage than you can fill up and dispatch'd thence for England in the proper season, we wou'd have you in such a Case retun to us here the Frederick (whom God willing) we shall dispatch hence a full Laden Ship for England in Septembr. or Octobr. next. We send you upon this Ship Padre Johannes Coyston Commis of the Theatin ordr. for the use and instructions of your Roman Catholick Soldrs. at the usual and establish'd allowance the Company give, but we cannot prevail with the Capt. to agree to 4 Fanams ₽ Diem for the Padres Crave to eat att his Table but refuse himself wholly to what you shall think fitt which whatever it be you shall pay the Capt. for his Dyeting ye. Padree att his Table we wou'd have you deduct the same out of the Padres Sallary from the Company as the same shall become due that they may be Reimburs'd that expence.

We would likewise have you by all the best and most proper wayes and methods you can think of to prevent that heavy Dead Charge of Demorage by keeping their Ships so long in the Country unemploy'd which is such Consuming moth in the Companies Estate as the worm is in the Owners Ship.

By a Ship now arriv'd from Siam but last from Batavia whence She sail'd the 11th. last month we have the news that the Nathaniell att your Port in Janry. last was laden with Pepper to be dispatchd for England which if true we are very glad off.

Thus far we have wrote when Capt. Jones Commandr. of S.P. Ship is come ashore and brought us your Generall Letter of the 14th. March last which convinces us of the mistake previous to this Vizt. that it was the Westmoreland and not the Nathaniel you had dispatch'd on the 19th. Janry. last for England what you desir'd in your Said Letter shall be sent you for which reason we must detain ye. Carleton 8 or 9 days longer to Coine the Mallay fanams you are so much in want of which may occasion a Subsequent Letter and [there]fore shall end this att present.

S^{RS}.

Since our last to you of the 28th. past we have rec^{d}. yours of the 30th. June and that of the 6th. this month, to both of them we shall now give answer. No. 57

We have rec^{d}. the bales Laden on Mallims Ship according to Invoice and Bill of Lading and have paid your Bill of Pagd^{s}. 3000 as directed which is all the purport of your first Letter.

By your next Subsequent Letter we are glad to understand that matter of Difference between the Renters & the Governm^{t}. are like to be accomodated but be it as it will it cannot Compensate of so great an Act of ꝑ^{r}fidiousness in the Injuries and affronts they have done you by Seasing two of your Millatary Officers and having them Still Captives which deserves a due Resentm^{t}. when time and Occasion Shall Serve.

On the 5th. Instant the King William Gally touch'd here in her way to Bengall on whom came the Honble. Anthony Wellden, Constituted and appoint'd by Commission Presid^{t}. of Bengall and Govern^{r}. of Fort William for all Affairs of the Honble. United E. On the 6th. Instant att night arrived from England the Susanna Capt. Richard Pennell Command^{r}. who came a shore next Morning and brought with him the Companies Packet Contain^{s}. Last and so much of them as relates to their Affairs in your parts their Copies shall be sent you as soon as Conveniently we can.

But that which att present we are to advice you of is that the Honble. Company having heard of M^{r}. and nominated in those said Commission and to Mr. Farmers whom they ordr. and appoint D. Governr. as a[foresaid] they will have him to continue as still till their further order. We are the Larger on this matter to remove and Clear up any misunderstanding in this point.

We are glad your Merchants are willing to undertake for an Investmt. of Pags. 50000 to be finish[ed] by the Latter end of Decembr. [next] terms and Conditions of which we recommend to the Care of our new D. Governr. and Council, but we would not have you Strain so hard upon the Merchts. in your abatemts. as th[ey . . .] that abatemt. by the Cloth they bring [. . .] so much under [. . .] which pray take care of.

We wonder that the Surrat Cotton in so Little a time should rise from Pagods. 17 or 17¼ that it was bought for att your place to Pagods. 23 the Selling price now with you.

We Shall Send to you soon after this List of the Severall Sorts of goods we would have you provide for this years Investmt. and shall then gave answer to the 3000 Pagods. No. 60 The 22^{d}. Currant we rec^{d}. yours of the 19th. of [y^{e}.] Same being Saturday night, was Read the 24 [in] Consultation, but abundence of business [devolved] on us, att this time of the arrival of the England [Ship] in order to their unladeing and our timely d[espatch of] them for Bengall has thus long delay'd our an[swer] Sooner.

Wee observe the Low Ebb of Your Ca[sh with] a ballance of Pagod^{s}. 1235: 4: 3 paid in [. . .] Governour att the time M^{r}. Mountegue [. . .] we wish we could think of any safe and [. . ,] to Send you a good Supply of mony to m[. . . .] Merchants easy but att this no opportunity [. . .] you by sea & to send by Land you know is [. . . .] dous especially all the way from Pondichery [. . .] bounds by reason of the Juncanees att [. . . .] who are not to be much trusted att any [. . .] never Less than now under your present [. .] ces that two of your Garrison Officers are be [...] soners to their Masters whose hard fate we ar[e] Sorry for which a timely foresight of the an[other] cause might have presented which is too [...] as the event Convinces us and we wonder all th[is] that the Late Depty Govr. had not wrote a [Letter] of the matter to Seorap[sing . .] nor Could we hear by [. . .] Latters have [. . . .] fortunate Capt^{t}. [. . .] or China [. . .] but we approve the D. Gov^{rs}. Letter to the Govern^{r}. of Chingee dated the 15th Currant since which the Presid^{t}. hath wrote him hence Copie of which with the Tra[n]slate was sent you Last Saturday and wish it may have the desired good effect.

We well approve your repairing the Dam̃ att Trivandaporum at the Charge of the Renters of your bounds but its being broke down may be casually rather than any designe, if you have had as much Rain in your parts as we here which oblig'd us to open the Barr to let out the River which swell'd so much the Like has not been known in this Season and usually the hot and dry time of the Year.

If the Country Renters about you have but the Summ they Rent the Countries for, and what they are to pay Yearly, mention'd in their written Contracts their Severall receipts of payment they make to the Governm^t^. would make it plainly Evident at all times how much they Remain in arrears as we formerly wrote you.

Herewith comes Invoice of the Wax last sent you on a Country Boat, as also a List of the Severall Sortes of goods we would have you Contract for with your Merchants for an Investm^t^. of Pagod^s^. 50000 rather over than under.

And as to the Long Cloth Ordinary W we take your meaning to be the Woordar Sortes which is indeed a Stout Strong Sort of Cloth but often very Gonty and uneven made and Cause a great deal of trouble and paines to wash them while [. . . .] and Wrakers than Cloth very much [. . . .] that sort of Cotten tis made of being [. . . .] besides the [Red] Sandy Soyle of [. . . .] egnats the water with a Red [. . . .] Long Cloth and [. . . .] from Turriure shealim Annamutum and Shatum is always of a Clear Light Colour and easily wash^d^. while however Let us know your Merchants price and rates of said Cloth and if Reasonable you may Gratifie them in the Quantity they desire.

Wee shall send you y^e^. Quantity of Lead you write for so soon as any Conveyance Offers.

The Company have not sent out [Tw]ine by either of the Ships the Des Bovery, and the [...] Corge or the Susanna yet in this Road, and the [...] and the Europe are not yet arriv'd which [. . . .] are, we shall have you in remembrance, we are [for your] affection.

And tho' the Honble. The Des Bouverie we dispatch'd hence on the 11th. The Europe we hope to dispatch some few days after the Susanna who is likewise to touch at Metchlepatam to take on board the Present if it cannot be effected in so short a time as the three days we have Limited to the Susanna for her stay at that Port. Having promised thus much to give you some insight of our affairs here, we shall now reply to all the needfull of your said Letter dat^{d}. the 8th. Currant. We thank you for the news you gave us of the french Ships from Mocco and the ill fate of the Dutch ships taken by them which in the main agrees wth. some other Acc^{t}. we had of the same.

We had some time ago design'd a present for the Duan without which there's no approaching him especially where there's any favour or request to be obtain'd but we hearing by Common report which is Various that the Duan stood very precarious in his present Governm^{t}. as to any continuance made us thus long detard our first intention till now that this day brings us the news from Arcot as rec^{d}. there from Court that Cawn Bhadar had conferr'd on Daud Cawn all his former Governm^{t}. in those parts with a larger extent of Countries and a much greater Jageir by which the Duan is confirm'd as ℔ the enclos'd Narrative which is true we must now perform in a matter of fact to the Duan what we had so long put off wth. Srs.

No. 68 We haviug in May last agreed here with [The owners] of the Ship Morning Starr to touch and call in at [Metchlepa]tam in her way to Bengall, with our orders to Mr. [. . .] Demand and require of the then Phousdar [not only to] Permitt the Kings present to be shipt off on board [. . .] but likewise that he should assist our people with [Coolys Boats] and Boatmen to effect the same but by the means [of the] Gusbudars underhand practice with the Government [and] Crafety insinuations with the new come Governour [. . .] att Bessavara and Gullabaraw the then Phous[dar att] Metchlepatam that he so far prevail'd with th[e . . .] dred our good designe intirely abortive and that Ship after so long stay proceeded on her Voyage to Ben[gall] without doing any thing att Metchlepatam.

We now attempt a Second tryall by Sending down the Susannah to your Port on whom goes Mr. Thos. Faucett whom we would have respected as Cheif during his stay att Metchlepatam in the Management of the Affairs of the Present with Mr. Nodens Assistant in this mattr. as well as to endeavour both of you what you can to perswade and prevaile with the old Companies Merchants that they either come themselves [or] send their Gomastoes or Factors hither upon the [first *a few words lost*] of the Northerly Monsoon and bring up [. . .] the Severall sortes of Chay goods whereof [. . .] Mr. Faucett a List and we promise what [. . .] are not for our purpose that they Cannot [. . .] they shall have Liberty to Carry away [. . .] manner of the Custome of this Port if this can be [. . .] it will be a Signalar (*sic*) price of good Service to the Company and we shall pay them ready Mony here for what Sortes and quantities we shall buy of them that comes up to Muster and therefore we wou'd have Mr. Faucett to recide and Lodge in the Companies Factory and that all his necessary Expences be on the Companies acctt. in which we hope he will be frugall and that such Necessary expences as Diet &c. incident Charge be defray'd by Mr. Noden out of the Mony he may have in his hands thereof or belonging to Mr. Fredderick and let him draw bills upon us for the Same payable to his order here which shall be accepted and discharged accordingly.

This we order as Supposeing all things cannot be got ready to effect and finish the main designe of our Sending Mr. Faucet thither which is the Kings Prest. in so short a time as we have fixt and determinate the Susannahs stay at your Port being but 3 days after which she is to proceed Vizagapatam and Bengall as we shall order in our open dispatch to the Captain.

And to remedy the Short Stay to Susanna att Metchlepatam we shall in few days after her dispatch hence send you another Ship the Europe Capt. Briant Commandr. which interall (*sic*) of time between both Ships we hope will be Sufficient for you to negotiate with the Governmt. and finish the whole Affair of the Kings present so that so soon as the Europe arrives you may have nothing more to do but Lade the Same off, on board Ship with new Invoices and bills [of Lading] Consigning the Same to the Honble. Anthony [Welldon Esqr.] President and Governr. &c. Council for [the Companys] Affairs in Bengall and send us Copies [thereof...] which when done Mr. Faucett is to go [. . .] Europe and proceed for Vizagapatam [. . .] his appointed station as 3d. of that [Council] take place next after Mr. Zoode Cawn being made a Suba or Nabob[of]Bengall arriv'd att Hughly on the first of June last in [. . .] state Commissionated in [. . .] places of Power and great trust and Lord[High] Admirall of all the Sea Ports from Negapatam to Ballasore who hath accordingly sent us Circulatory Letters to all the Severall and respective Europe Governrs. all along the Coast to advise them the same, he hath sent the Presidt. a Lettr. full of Love and respect as also a Nishaun from the Prince Royall Azamuden testyfying his great and sincere respect to the Honble. [after...] the Presidt. dispatch'd overland his excellencies [. . .] Musaferbegue Coursubardar att Metchlepatam [. . .] down by Sea the Kings Presents to Bengall

which [. . .] will facilitate all Masters that there Cannot no[w be] any block or Rub in the way to hinder Shipping [carrying] the Present and the Coursuburdar may go away [with...] the same if he pleases.

We Send by Mr. Faucett the Presidts. Letter [to] Allum Cawn with a small present for him [who] we here (*sic*) is a good man that he may the better assist you as to Coolies Boats and Boatmen as likewise Letters to the Cheif Governr. att Bassavara if need be and to Gullaburaw the Late Phousdr. and to the Kings Coursabardar Musaferbegue to the later we would have you Read to him but not deliver Copie of Zoode Cawns Letter to the Presidt. alter'd by the Cojee here, to the end he may not plead any excuse in Case the order to him from Bengall Sent home overland, as has been Said shou'd miscarry or be lost.

Mr. Noden in some of his former Letters to us advise that there are about Sixteen Parcells [for the Pre]sent in the bills of Lading more than what m[. . .] Invoices sent him hence about Some 4 months [. . .] this Case [is or] would have you add them to the Fort [. . .] them towards the Left side [. . .]ying the same not to have been Invoic'd from the [. . .] and therefore their Cost and Charges not known [to you ad]vise us the Same with Marks and Numbe[rs of *a* . . .] for us to rectifie here and if possible their Contents and Quality. On the Europe we shall send you what desired by your Gennerall Letter.

We cannot apprehend what should be the Cause of Habib Cawn and Fuckerlee Cawns makeing so large dem[ds]. of buying so much Powder of you, and we are [apt to] beleive some ill designe att the Bottom off it and the P[. . .] having lost for ever their once strong hold [. . .] to the Arabbs, was by a Strategem of such another [. . .] Contrivance which ought to make you continuous and [. . .] Seeing their engagem[ts]. with the Woodman are rather [. . .] Little Skirmig (sic) than any thing of Sett Battles.

Holcombe [. . .] and truly to the Nabob the next point is what that Ballance is which Fuckerlee Cawn Says remains due to him for that according to the Mahomitants Law which is their religion as Contain'd in their Alcoran they Cannot Demand and indeed receive any Interest of any Person whatever either of their own or any other Religion which is the joint opinion of all those here about us that are accounted, the best Interpreters of their Law & Religion w[ch]. is all one according to the Translate of their said Opinion herewith sent you and the Originall attested by the Cojee and this our Resolution we think is past just especially if it be the Companies [*a few words lost*] that unluckly Debt att last.

Hon[ble]. S[rs]. &c[a].

Our last to this was of the 17th. Current by the Susanna who sail'd hence on the 20th. after Copie of which Come herewith since when we have nothing either good or Pleasant to advise but what is bad enough which is to Certify you that on the 19th. Currant four French Shipps arriv'd at Pondicherry who sail'd from Brest the 27th. January last They stay'd 27 dayes att the Cannaries where they took in great store of the wines that Place affords but [. . . . .] ht no Claret. No. 76

They belong to [. . . . .] Company the Stock they have [. . . . prev]iously reported but most [. . . . .] letter & as it is said pay the [. . . .] for Permission [. . . . .] the Shipps Cargo 46 Gunns the [. . . .] and one of the [. . . . .] Prime good [. . . . .] Canvis they are endeavouring to Contract with there old merchants at Pondecherry and offer them 12 ℔ Cent on the last years Praics (*sic*) w[ch]. the Merchants refuse as being too little on the Pretence that Cotton is dear they give out that they intend for Mergee their to refit their Ships & victuall them.

On this Shipp the marmaid goes Passenger Monsieur Delaveir formerly Direct[r]. at Bengall for the old French Company & Since Govern[r]. of Pondecherry till succeeded by the Present Govern[r]. S[t]. Andinero Hubert he has approved himself a very good worthy Gentleman in all t[ra]nsactions and Sincerely well affected to the English.

This month now drawing near a close yet no news of the S[t]. George for which reason we are thinking to Keep the Europe here so late as Possible so as not to hazard gaining her Passage to Bengall if happily that time the S[t]. George should arrive to advise you same unless she is got there allready if not we do not know how or what to think so as to think well of her.

Hoever (*sic*) to prevent as much as humane Prudence can foresee we have wrote to the Govern[r]. of Negapatam & Trincombar & Lodged Letters at both Places Directed to the Commanders of any Shipps that shall appear with English Colours off either Place to give them Notice that there are French ships arrived att Pondicherry with the necessary [. . . . .] what to do according as they [. . . . .] later advices either from us [. . . . .] the Deputy Govern[r]. and Councill [. . . .] which orders may ser[ve . . . . .] for the severall Countrys [. . . . . a]rrived from Batavia or the [. . . . .] latter we are in Da [. . . .] Frederick. Wee send you by this Ship [. . . . .] Nishan to the President as [. . . . .] that of Zoode Cawn's Pervanna [. . . . .] the translate of the same finish'd.

Besides the abovemention'd 4 French Ships arrived at Pondicherry we advis'd by the Supra [Cargo] of a Small Ship Called the Virgin Come from Donmaskareen whence they dayly expect another Ship w[ch]. was refitting there at the time the Virgin Came thence having been shatter'd in a Storme so that here is an Acc[t]. of Six of them ready and ripe enough for any mischief w[ch]. is Subject matter enough for the Lord High Admirall Zoode Cawn to exert his Power & authority according to the Large extent his Commission gives him w[ch]. is to encourage trade & Commerce & to Destroy Pyrates [the] Common enemy the ffrench who are in effect are as bad as the former by their taking Shipps & Cargoes of the Innocent trading Merchant men w[ch]. may be easy for the Admirall to Prevent by sending his Prohibitory orders with there translates to the ffrench Commodant or Commodore as we call it not to meddle or make sease or take any Ship having English Pass & Colours under Pain of making any such Cargoes forfited att any seaport Town with the of his admiralty where, such ffrench Shipps shall happen to Come after the action commited such like [. .

.] to be sent to all Govern[rs]. Di[. . . . .] other Cheifs or heads representing [. . . . .] ion at or in any Place [. . . . .] Sing May & district of his Admiral [. . . . .] that the English now in a [. . . . .] & Pervannas from the Great [. . . . .] the Epithet of being Call'd [. . . . .] it might [. . . . .] miss if every returning Ship hither from Bengall would endeavour to obtain of the Lord High Admirall such a Prohibitory order in Case of the worst that might happen this matter if well managed would soon rise the same of the new admirall to the fame of all Honour & Renown.

By the Europe we will attempt to give answer to the Princis Nishan & to Zoode Cawns Pervanna so soon as the Latter is translated w[ch]. must be done nisely.

AUGUST 31ST. Ab[t]. 2 days agowe we rece[d]. advices from Trincombar that the Princess Sophia was arriv'd there Viz[t]. Mess[rs]. walken & Dean are Come on her what more news she brings shall advise you next. We are Hon[d]. S[rs].

Wee are now with yours of the p^o. Currant by which you advise that Sheva Naigue Redde is like to agree with Suroop Sing for the renting out to the former the Walldore & the Naumall Countries the same Sheva Naigue Redde (we take to be) if we are not mistaken the Person that deserted your bounds and so long absconded to avoid payment of what he was in arrearage to Soorop Sing which if so we are apt to believe he will Clear of his old Debt which occasion'd so much trouble as has been alledged for the said Renter having shelter'd himself & taken Protection in your bounds wch. gave Soorop Sing the spacious Pretence of seasing those that are now his Captives but now the cause being like to be removed the Effect should cease that is the Captives ought to be sett att Liberty wch. is the good result of your having imprison'd the Relations of the afforesaid Sheva Naigue Redde and you may take it as a maxim never to gratify those Casts of People with any Present to gain their false friend [ship w]hen they are the first aggressors in w^ch. [they] would never fail to Invent some Prete[nce or other] to quarrell with you besides wh[at ... soroop] Sing may falsly Pretend to exp[ress ... other]wise we pay yearly to the Ca[wn Bahadur to the amo^t. of] Pagodas 35 for and in Considera[tion of . . . .] No. 79

Villages here and those with[in . . . . .] off any [. . .] and you are right in your assertion that such an innovation would be of ill consequence & att last become a Sallabad.

The letter we wrote to Myne Her Daniel [B]oernard we would have you return to us again it being now of no use Myn[Her] Steeland continuing Governour as yet.

Those of your 5 Deserters are brought into us from St. Thome after they had trampous'd (*sic*) on foot from Fort St. David to Waldore & thence to Chingee & thence to arcote and at last to St. Thoma but they have not brought any of their arms with them but one of them Midleton by Name brought his arms with him with 7 or 8 charges of Powder & shot he came in voluntary of himself they are all three of them Kept Prisoners within the Fort 2 more of them we expect this night or to-morrow from Pullicat who shall all of them be return'd to you as soon as any Conveyance by sea offers with our orders concerning them.

The Muddapolam Yaucht being n[ow] of no other use to you, now the ffrench Ships are gone we would have you send her to [us] Laden with bales so soon as the new Moo[n] is over & that you see the weather is sett [in] for that after so much Rain we expect some [days] of fair weather.

[We] well approve of what you have [. . . .] to ensign Carter who[se . . . . .] his Commission Void & [. . . . app]oint Serjeant Brook [we . . . . recomm]ended to be Ensign [. . . . . .] see by the Com[mission . . . . . .] for that Purpose [. . . . . . [Wee cannot at Present Consent [or agree] to your setting up a Silver Mint within our bounds for Coyning Rupees for such reasons as we not now time [to write] you because we must Change the scene [to] worse as that just now att this very instant we have the Verball ill news that an English ship is lost att Jaffnapatam wch. Comes to us by a Joppass a freeman of that place about 8 Dayes in his Passage from thence Arriv'd here this afternoon & tho' what he declares seems something Incoherent as to Circumstances as that the said ship has upon her a new Govern^r^. his Lady & family wch. if so it should be the Danes ship so long expected but then he averrs her to be an English ship whose name with that of the Captains he does not know wch. thô it may be certain that a ship is lost yet the doubt remains whether the same be the Dan[e ship] the St. George or the Fredrick from the West Coast on all ships which we are advised there are Women on board them Copie of the said Topass narrative as taken by Jacob De Banc we herewith send you and for a more perfect inquiry of this matter we would have you write to the Govern^r^. & Council of Negapatam for we shall doe hence to morrow & request their utmost assistance to save what can be got or Come att if it should be so fatal as to be one of our Companies Ships under this great Concern. In writing you this letter yesterday in the Afternoon we were interrupted by the Surprising news of one the supposed above said 3 Shipps being lost by wch. we omitted advising you that upon the Millitary officers Petition we thought it best att

Present not to inforce their Complyance with the Companies orders for reduceing their Pay to what Company appoint but continue the same as formerly and the President acquaints us that he hath timely in his Particular letter to the Deputy Govern^r. advis'd & order'd the same to be done by you wch. we Ratify & Confirm.

HON^BLE. S^R. &C^A.

By a Country boat that arriv'd here yesterday in the afternoon being about some eight dayes in her Passage hither from Jaffnapatam a topass freeman of the Place [. . .] Came on said boat declares to [. . . .] 7 or 8 dayes before they came [. . . .] English Ship was lost & br[. . . .] aforesaid Port of Jaffnepat[am . . . .] saved & that the Gentle[men . . . .] assist them with th[. . . .] much as Possibly [th . . . .] treasure & Car[go . . . .] ship nor [. . . .] The said Topass declares that there was [an Englishman] his Lady & family on board the Said Ship [but] it should seeme to be the Danes [. . .] Commodant so long expected att Trincombar but he crosses this by affirming her to be an English ship from Europe [. . . .] of our & such a ship of our Honble. Companies is missing that Came out with the rest of there Fleet who are long since arriv'd that Ships name is the St. George & the Commanders name is Samuell Goodman who hath woman Passangers on board him. Wee are in dayly expectation of the Fredrick Capt. Phrip from the West Coast well known to your Hon^r. &c^a. because of your good & friendly assistance to him when arriv'd att your Port about this time twelve month wch. seems most likely to be the fatal Ship because as we are advised the late Govern^r. of Bencoolen and his family was to Emberque (*sic*) upon said Ship in order to his return hither so that by this acc^t. there are Gentlewoman Passengers upon all the three severall Expected ships before-mention'd but if so great a misfortune should happen to be the lot of any one of the two premention'd ships belonging to the Honble. Company we request your favour & friendly assistance to our People to save as much as Possible of what can be g[ot an]d come at of the unfortunate ships [. . . .] Cargoe &c^a. stores which we have no [. . . . do]ubt but beleive you will heartily [. . . . t]he utmost considering the happy [. . . .]ance between both nations all w^ch. [. . . .]ly kindness and good assistance [. . . .] matter we shall not fail wit[h . . . .]iams to make known to [. . . .] & what ever charges [. . . .] repaid to your order besides the speciall obligations you'l put upon us to be with all due respect & sincere affection N°. 80

N°. 82 Yours of the 29th. last month came to our Hand the 10th. this month and you have well in dispatching the Susanna within the time limited because we believed then to have sent you the Europe to have receiv'd & taken on board the Kings Present but that we have detain'd her so long Partly because the Quantity of Treasure designed to be sent upon her to Bengall was not got sooner ready out of the mint and Partly our expecting the S^{t}. George who is not yet arriv'd nor Can we think so as to think well what may become of her unless she be got to Bengall so that we

think it now too late for the Europe to touch & call in Matchelepatam or Vizagapatam wch. may hazard the gaining of her Passage to Bengall to wch. Port we shall order her to proceed directly without touching any where by the way so that we cannot send you any Ship or other Vessell to Carry away the present sooner then next February the blame of all which is to be laid to the door of all those of the Governm^t^. there mean time we think it would be a Peice of acceptable service to the Company if you cou'd [prevail] with the old Merchants to a Con[dition...] of what we Proposed as to the [. . . .] which we think it no such hard [. . . .] to do as they would make us b[elieve these] merchants here bringing Cloth frequent[ly from] thence and the Parts adjacent [to them].

As to what [. . . .] you may have [. . . .] of the Kings Present you are to take notice they are the late President Pitts own Particular & Private Present to the Lord Zoode Cawne according to the inclosed Copy or abstract of a letter of those times wch. we send you for your better guidance in that matter as not belonging to the Grand Invoice as has been said.

You cannot but have heard long before this of the four S^t^. Mallows ffrench ships that arriv'd the Port of Pondicherry on the 19th. Augt. last and Sail'd thence on the 7th. Currant they pretend no good to Either Dutch or English as believ'd. They are gone to Mergy to clean & fitt themselves to go upon the business they have tis Said orders to have a Settlement at the afforesaid Port the Commodant is a Ship of fifty Guns & two hundred & Eighty men the next two Ships Carrys forty four Guns & two hundred & fifty men each the [. . .] small Ship is 36 Guns & one hundred & Eighty men & tis said there are two more of their Cons. [Cruisers] of & about the Streights of Sundy wch. when joyn'd are of force enough to oppose any thing they Can meet of in these seas.

The Shereburn Capt. Cornwill Commander Directly from England arrived th[e. . .] of July Last at Bencoolen & was dispatch'd [. . .] the 6th. Augt. after this Port on whom [. . . .] late Supervisor M^r^. Harrison & [. . .] Deputy Govern^r^. Skingle & his [. . . .] good Passage till one the [. . . .] the Sherburn was lost on [. . . .] nine foot water to Southward [. . . .] all the People saved & none [lost] [. . . .] there owne their be [. . . .] Company's on board her [. . . .] brought [. . . .] from Benjarr they are all by our last advices safe and [. . .] Jaffnepatam on Zelone whence they write us they are [. . .] used by the Dutch Gentlemen there. FORT ST. GEORGE
SEPTEMBR. YE. 26TH. 1710.

TO THE HONBLE. ANTHONY WELLDEN ESQR.
PRESIDENT OF BENGALL AND GOVERNR. OF
FORT WILLIAM FOR AFFAIRS OF THE RT.
HONBLE. THE UNITED ENGLISH EAST INDIA
COMPANY &CA. COUNCILL.

HONBLE. SRS. &CA.

No. 88 Our former & latest to this was on the 29th. Augt. last Carried Down to the Ulto. that month a Copy of the Same we sent you by the John & Elizabeth when wee advised you all Occurances to that time since when on the fourth Currant the four

French Ships at Pondichery sail'd thence but whether gone is variously reported they being close & Secrett in all their affairs & therefore the more to be suspected thô most believe they are gone to Mergy to fitt & clean their Ships and then to go upon the Cruise & endeavour to pass the Streights of Mallacca to joyn two more Ships of their Consorts that are Cruising of and about the Streights of Sunday if so they will be off force enough to oppose any thing they can meet with in those Seat.

It is Likewise said they have orders to make proposalls for a Settlem^{t}. for this new Company at mergy.

The 15th. Currant brought us at [. . . .] Generall Letters viz one from The Dep^{ty}. [Governor of] Harrison and Councill att Bencoolen, dated the 5th. of [. . .] of advising there haveing wrote us a Generall letter of the 16th. June last by the President Captain Hop[kins] [Com]mander since when to this very Day [. . . .] none rose nor any acc^{t}. of Said Ship or [. . .] become of them whome we fear [. . .] twelve months in a long [. . .] safe arriv'd on the 6 of Augt. from Batavia [. . .] be expected here by the latter end of November next that on the fourth of July the Sherburn Captain Cornwall arriv'd at that Port & 13 The Said month they Dispatched the Nathaniel for England & that having Settled all matters of the Companies affairs in those Parts according to the order's & Instructions he carried hence the Deputy Govern^{r}. Harrison on the Seventeenth of Augt. last Embarqu'd on board the Sherburn in order to his return hither wch. in brief is the Purport of Said Letter.

The Deputy Gover^{nr}. next letter in Order of date is of the 3^{d}. Currant from Point Pedro advising those haveing had a good Passage Since the Seventeenth last month from Bencoolen till the p^{o}. Currant that at 6 at night the Sherburn Unfortunately Struck in nine foot water up a neck of sand call'd Mol[ey valley] to the Southward of Tincomola on le[ft side] all the People Came safe ashore Some in [the] Pinnace & Some in the Yaull and the rest of the Ships Crew in rafts She had nothing on board her of the Companies Save 30 Pieces of old iron Ordenance brought from Benjarr to Bencoolen good for nothing we will not rashly say that Ship was willfully lost but we may say Obstinately she was as ℘ the Copy of Said letter of the third Instant which Comes herewith and to wch. we referr.

Our next receiv'd letter from [D^{y}. Govr.] Harrison was of the [. . .] Instant from Jaffnepatam recounting [. . . .] he receiv'd from the Dutch Govern^{r}. of [. . . .] of wch. we likewise send you the [. . . .] us by the hands of one [. . . .] Sherburn a Packett [. . . .] of all the Officers of the [. . . .] & way of the fatall loss [. . . .] justifies our former a [. . . .] to our Unfortunate friends & to assist them in what they Can to their returning hither & the like thanks we owe & acknowledge to the Govern^{r}. of Jaffnepatam Promising our thankfull Paym^{t}. to their order for what necessary Charges and Disbursments they be at on account of the unfortunate especially M^{r}. Harrison the late Deputy Govern^{r}. of Bencoolen & Superintendant of all our Honourable Companies Settlements on the West Coast of Sumatra.

Just now at 10 in the forenoon when writing the foregoing is brought to us by Dutch Peons a Letter of the 11 Currant from Mr. Harrison at Jaffnepatam of the Surpriseing newse of the Sherburn being got a float and brought to an anchor at Point Pedro by means of the Captain & the assistance of the Dutch and that she is not so much endamaged as at first she was reported to be she is to proceed to Bengall as Judging it Safer so then to adventure on this Coast in the season of the Year.

The loss (as we may now Suppose) of the Ship President & the just Apprehensions of our fears of the danger our China returning Ships may be in by reason of French Ships of so great force is but a very mellancholly Theame & we wish we Could Change the Scene to a better Subject wch. we cannot do while the S^{t}. George is not yet arriv'd and if not with you by this time at Bengall we fear there is no room for any hopes of her being [. . . .] this day of wch. we Could wish ourselves.

The Deputy Governr. & Council [att] Fort St. David have Contracted with the [Mercha]nts there for an investment to the amt. [of Pags.] [10]0000 to be got in and finish'd by the [. . .] of Decembr. next, and we are endeavouring to do the Same with our merchants [here] to twice that amounts to the [. . . . .] the former contract made [. . . . .] years cloth is better & can have more for it [. . .] severall other merchants on the Place but in this Case our Companies Present Sett of Merchants will not Contract with us for any Investment if they miss of haveing the broad cloth and they haveing Provided so much Cloth of Severall Species before hand they well know no other merchants can contract with us for an investment this year to the afforesaid amount to be got ready by the limited time this is the hank they have upon us but we shall Conclude finally with them or others so soon as the Europe is gone.

We have laden on the Europe and Consign'd to you on the Companies account seventy Chests of Treasure of Maddrass rupees & likewise a box with the Companies mark No. 3 Containing as ℘ Invoice intended as a Small [Cover] to Zoode Cawne the new Lord Admirall [who has] approv'd himself our faithfull Stanch [friend] att the Kings Court & Promises to Continue Still as we hear is noble & Generous without being avaritious or Griping a rare quallity and vertue to be found amongst the Moors.

But in regard the Captain has Sign'd bills of Ladeing to deliver the Said Goods at the Port of Visagapatam to the Chief & Councill theire we wish he may be the Ship or one of the Ships you intend to send us to fill up here about the Latter end of next novembr. to touch there the better to accomplish and Perform his said bills of ladeing to avoid any mistake that may happen upon traversing said good on board any other Ship you should order in her way hither to call in and touch at Vizagapatam.

The Chief and Councill of Vizagapatam have Likewise wrote us to send them about one hundred Candy of Country Powder it bearing a good Price there which we designed to have sent them Could we have dispatched this Ship more early We therefore desire your Honr. &ca. will please to send them such a Quantity as you Can spare upon any of the Compa. ships you intend hither and first to call in there as has been said & Charged the amt. of the Same to acct. Currant Fort St. George.

We thought we had fully Sattisfied you by our Large Packett send by the Gull[conda] Containing all papers that Pass'd between [the la]te President Pitt & the Prime Ministers [. . . . .] relating to all matters requisite to be [. . . . .] and inserted in the promised new Phir [maund] and to ask and request too much was [. . . . .] might be the ready way to loose or [. . . . .] all without obtaining any one Privi[ledge from] his Royall Highness Prince in [. . . . .] the President seems Plainly [. . . . .] only mention'd in the Lord Zoode Cawns [Letter] to the President as you may observe [from the] translate of the same herewith sent your Honr. &ca.

We have Laden on the Europe 40 tons of redwood that you may not be in any want of Dunnadge for what Ship you may Dispatch home Directly from Bengall but the Company are not Desirous of any more to be sent them then their respective Charter Party Quanti[ti]es.

To Francis Hastings Esqr.

Chief &c^{a}. Councill of Vizagapatam.

S^{rs}.

No. 90 Wee are now with yours of the 27th. July receiv'd here y^{e}. 17th. of August after since when we have yours of the Sixth instant by the President arrived here on the 22^{d}. of the Same to both wch. we shall give the needfull answer.

As to the first part where you say you Continue & hold your oppinion [Still] that the Company ought to [settle] old debt due from M^{r}. Holcombe to Fuckerla Cawn with a Proviso if the Company intend [...]ing of that factory we shall not now Contract [. . . .] but take notice to you how unsafe [. . . .] any to have such a Chief as act arbitra[ry . . . .] the Councill in all matters [. . . .] Parenthesis in writing [. . . .].

To you [. . . .] ioning the Generall Letter [. . . .] and Heathcote relating [. . . .] better opinion of [. . . .] advantage to them for even in war that victory is but little acc^{t}. where the Conquest does not pay the Cost and Charge.

But where you say your Place is Commodious for recourse to in case the Companies Affairs should be Disturbd in other Parts by wch. you seem to insinuate the Garrisons and $Governm^{ts}$. of the Forts of S^{t}. George & St. Davids and Should it come to that which God forbid it should be at a bad pass indeed & the Companies Affairs brought to the last stake when both Garrisons should retreat to Vizagapatam as to an aysulum (*sic*).

But it is a good thought of you and you are perfectly in the right when you say the keeping of that factory keeps out the Dutch, french & Danes and as to what you say where your Place reduced to the same State & Condition as Matchelapatam & Madapollam is yet you would be Lyable to the usuall Presents but as both places above mention'd are withdrawn to the keeping of one English man and two peons at the former & one Braminy and two Peons at the Latter we seldom or never give any Presents at either place & what you give so frequently at Vizagapatam (tho' Something you cant avoid) does not relish well with the Company as you may see by Copy of a Paragraph of their Generall letter by [this year's] shipping wch. comes inclosed.

Wee take notice of what you say [in the] Generall Letter of the 3^{d}. of June 1709 Sent you [...] and your answer thereto that Letter to [... ins]inuating a good Disposition and inclination in Amuturase to adjust all acc^{ts}. with [. . . .] & pay what should appear due [. . . .] Estate which you answer in the reverse [. . . .] Nabob for the time being can never [. . . .] Rajas to a Complyance of Paying [. . . .] yet they are Such as you have [. . . .] and as to Jugapah having been sent for to come hither but afterwards Contradicted by after letters we find to be true as apply'd to that, time since when we have often wrote for his Comeing hither wch. you as often by Specious excuses evaded.

As to your not having delivered the former Presidents letters to whom directed and your excuses for the Same we have wrote you formerly to wch. we referr because that baffled your excuses as the event Proved.

Wee are well pleased and fully Satisfied with the Chiefs having cleared himself of that vile aspertion cast upon him by the Nabobs Gusbadar but we may say that the understanding being misinform'd it necessarily follows an erroneous judgement must Proceed [and] sett the whole in as true light as matter [stands] we State it Thus.

When your Mullah went to the Nabob Fuckerla Cawne and had audience of him the Nabob asked him what he had brought from Chinapatam for him he answer'd he had brought the Nabob a Packett and Small Present but the Nabob would urge him to Confess he had brought money to pay of Mr. [Holcom]bs old debt wch. the Mullah denied to [. . . .] Nabob being much in [censed . . . .] Gusbadar to Confront [. . . .] he heard he had brought [. . . .] Vizagapatam to Pay of [. . . .] fallse alligations [. . . .] will the Exemplary Punishmt. you mention justly fix upon and as to the Gusbadar we leave it to you to prove the negative if you can.

We have some time ago received what you mention the letters sent you from the Country Governments since when wee have what letters the Chief sent them but all of them in the native Country language thô we expected those the Chiefs should have been sent us at least their Copies in the originall English as well as the translates of the letters received as was injoyn'd you in the aforesaid Generall letter hence of the 3d. of June 1709.

Wee have advis'd you by the Susanah our last & finall resolution as to Mr. Holcomb's old debt to Fuckerla Cawne but the President has received a letter from Mr. Faucett at Metchlepatam wch. comes herewith wch. sayes that in a Conference he had with a Portugueise Padre who had livd long att or near Vizagapatam the said Padre did affirm to him that it was Mr. Holcombs seal and not the Companies wch. was affixt to the obligation he gave Fuckerla Cawne.

Wee laded on the Europe most of what you wrote for as you may see by the inclosed bill of Loading and invoice because at [. . . .] Designed she should touch both att Vizagapatam and your place but we being [. . . .] to keep her so Late in the Season [. . . .] hazard gaining her Passage to [. . . .] dispatched her hence on the 23d [. . . .] to proceed directly [. . . .] anywhere but [. . . .] four French Ships that arriv'd at Pondicherry [. . . .] 19th. August last and saild thence on the [. . . .] ant Supposed to be gone to Mergy bel [. . . .] St. Mallows new Compa. they are [. . . .] and believe may after their [. . . .] upon the Cruise either [. . . .] acca or rather on [. . . .] returning Ships from [. . . .] therefore would have [. . . .] smack according [. . . .] Last year hence I [. . . .] your mull [. . . .] of maho [. . . .] Consum [. . . .] time en [. . . .] Sayes he [. . . .] Beetelas [. . . .] to be [. . . .] to take [. . . .] must [. . . .] mas [. . . .] of what [. . . .] or bel [. . . .] for [. . . .] Ra [. . . .].

[. . . .] besides we advis'd you formerly you ought to be very cautious of selling your Powder even thô at a good Price while you and Fuckerla Cawne are in no good terms.

Wee have Complaints brought [. . . .] be exorbitant rates of anchorage the ships [. . . .] other Vessels frequenting your Port [. . . .] say to regulate wch. we send you in [. . . .] Anchorage Paid here as Established [. . . .] Company and is the rule by wch. you [. . . .] have likewise a Petition delivered [. . . .] us an Armenian Inhabitant [. . . .] ning of your haveing to [. . . .] the Self Same goods at [. . . .] rt the Companys Esta [. . . .] Cent Copy of said petition [. . . .] for you to give [. . . .] that have once pass'd [. . . .] ere being sent to Fort [. . . .] to the Paying the [. . . .] the Self Same goods [. . . .] do appoint Mr. Faucet [. . . .] be a Collector of all [. . . .] Revenues under the several [. . . .]

No. 105 We have yours of the 11th. & 22d. of the last past to [which] we shall now give answer and first to that part of your 11th. last month relating to the Duan, and the fears and [. . . . .] you have that the smallness of the present we ordered [. . . . .] may for that reason rather incence than oblige [. . . . .] little good nature in him as the Duan is said to [. . . . .] agreed and order you to enlarge that present to [. . . . .] or 150 to be sent by some fitting person to meet [. . . . .] to prevent if possible his approaching too [near] [. . . . .] his returning back to Arcot with the Depty. [. . . . .] pliment excusing yourselves for the sm [all] [. . . . .] for the reasons we formerly advisd you [. . . . .] which we think may be best perform[d] [. . . .].

There is now still as well as [. . . . .] [correspon]dence between the Duan & the President [. . . . .] friendship reciprocally on both sides [. . . .] be trusted any more then commen [. . . . .].

You are misinformd [. . . .] the Duan in his Sc. erly pray [. . . .] we call Sheik Abdee Salam [. . . . .] and acts as Depty. for the [. . . .].

The Duan has abo [. . . . .] man one of his favourite [. . . . .] the President in his fav [. . . . .] be taken by the best and [. . . . .] can be the recovery of [. . . . .] [. . . . .].

We have cause to beleive you acted with a sincere & an unfeigned zeal for the liberty of the unfortunate Captives at Chingee but your too much credulity of what the renters relations told you relating to the Captives was your error which you

transmitted to us, and seeing you meant well we accuse you no more than what sometimes the wisest of men may be incident to, but we pass this matter over now, till we shall meet with it again in your second letter of the 22[d]. past, where we shall speak of it to the purpose.

Care is taken to send you by the first Conveyance a Main Mast for the Comp[as]. Yatch according to the dimensions sent us.

The after part of your letter mentions the severe storm you had which begun on the 22[d]. October and continued to the 24th. that month and the great damage it had done, thô, the time you mention prov'd fair weather here with us, unless the Transcriber of that letter made [a] mistake instead of the 29th. 30th. & 31st. of that that month which all 3 [days] was very bad and boisterous weather, tho' no damage ensued [. . .] upon with us here, but was much worse and more violent in the [. . .] Countrys.

What you write us of the New & Old Factorys being so much [. . .] and out of repair, shall be considerd of in a full Council [the r]esult shall be advisd you in some subsequent letter, [. . . We] are sorry for M[r]. Scarlets death, and shall take care to send [. . .] assistance hence so soon as conveniently we can, having [. . . .] have capacitys but they are such as the Comp[a]. [. . .] much in answer to yo[r]. first letter as aforesaid [. . .] of the 22[d]. past hath not much in it for us to answer [. . . .] accepted and paid all your bills drawn upon us to [. . . .] respective persons to whom orderd, and as to our [. . . .] any money of late we had no Conveyance by sea [. . . .] ship who had no European hands aboard him [. . . .] and yourselves seem to insinuate it as dangerously [. . . .] by land because Serope Sings people keep a [. . . .] to draw upon us (but . . . .) shall require.

[. . . .] and you have no [. . .] such intervalls [. . .] had rather [. . . .] right be [. . . .] so very [. . . .].

[. . . .] Kent & Somers, however you must encrease yo[r]. bales to help to fill up the empty Tonnage we expect from Bengall, and we beleive the Des Bouverie may be the first, the Frederick being already arriv'd here the ꝑ[mo]. inst[t]. from the West Coast empty, but the Carleton safe arriv'd there in August, they would send home full laden in October, the Mead not then arrivd but daily expected they intend to dispatch home full laden next Jan[ry]. so that the face of affairs on the West Coast is much changd for the better.

Inclosed comes copy of a paragraph of the Hon[ble]. Comp[as]. Generall letter by this years shipping relating to the Dep[ty]. Govern[r]. and what we wrote you the 10th. past was not meant strictly to restrain any of the Council from sorting so much as to strengthen the Dep[ty]. Govern[r]. hands to enable him to the performance of what the Hon[ble]. Comp[a]. expects of him, and we are of the same mind still as to wh[at we] wrote you especially if it be true what we hear that so[. . .] the lowest forum employ the black Merchants to [. . . .] cloth for them, pay in your next Generall letter, advise [. . . .] of this, and if reall matter of fact or not, for according [to the consti]tution we cannot in justice proceed upon again [...] [. . . .] by particular or private letters, but let the [. . . .] impartially stated and advisd us in your [. . . .] that the party accus'd may see and read [. . . .] his best defence, the like we say of any [. . . .] peevish, fretfull temper, by which they [. . . .] there may be difference in opinion som[. . . .] and best of men, yet that [. . . .] affection or respect, advise us that [. . . .] where we here shall be the best ju[dges . . .] from faction and contention or their [. . . .] interest.

The President excuses h[. . . .] to the Govern[r]. of Chingee, as not per [. . . beginn]ings of those troubles occasion'd [. . . .] your bounds, but such a letter [. . . .] self write to Serope Sing by our [. . . .] are better able to draw up such [. . .]ting the case as it was [. . .] the same [. . . .] send us a perfect Narrative of that whole matter of

the Renters tracing the same up to their originall and first springs whence all these troubles are come upon our people, that are still detaind Captives at Chingee, and how those Renters came to leave our bounds some few days before their bonds for the sum awarded by the Arbitrators became due, and whether the said Renters left your bounds, by permission or other ways, and by what means, & who they were that was let into that grand Secret of their escape all which we expect from you. The 11th. of the last month brought us yo^rs^. of the 4th. Septemb^r^. last, which for the manner of it and the matter it contains seems to us to be a very odd letter, at this time of day, where you condole the death of the late President, and congratulate the present which makes our thanks to be as old as your news, which you cou'd not but have known sooner, even at the time our Country shipping were at your Port to return hither, for we think it no news to say at noon the sun is up. No. 107

We have for this once accepted and paid your bill of Exchange for Rup^s^. 1180 as desir'd, but it would have been prudent of you, and indeed what we expected you should have advisd us, how you are constituted, and what power you have to draw upon us, seeing yor. Factory was so long agoe orderd to be withdrawn to Bombay, & [. . .] so we are not well warranted to accept or pay any more of [your] bills for the future.

Your dispatching home the Tavistock & Abingdon with the [. . . .] their Cargoes, your procuring S^r^. John Gayers liberty [. . . ear] he obtaind it himself at a dear rate are such [. . . . .] that you attribute the whole praise to your own [Governme]nt, as if no such person as the Generall of the [. . . .] did exist which we hope he still doth, yet as [. . . .] enough which indeed is too much, you take a [. . . .] assuming to yourselves a power, and taking [. . . man] age matters of state of the greatest importance [. . . . .] ng to make up a costly and magnificent [. . . . .] King Shaalem, to obtain a Phirmaund [. . .] old priviledges and [. . .] high matters which [. . .] yor. present Consti[tution . . . .] to act as you [. . . .] in this [. . . .] you [. . . .] Pitt took [. . . .] lye [. . .] was the [. . . .] present he prepared for the Emperor shall arrive at Court.

We observe throughout your whole letter you have not soe much as once mentioned your Generalls name, as if he were not in being which we think is no ways becoming you. We are

To Mr. Philip Noden
At Metchlepatam.

Fort St. George
Decembr. 16th. 1710.

No. 109 The 10th. Currt. brought us Mr. Faucetts letter of the 27th. last past and on the 13th. this month we recd. yors. of the 2d. of the same, by both which we observe you act as you write, that is separately & each by himself, as is manifest by yor. accot. Charges & Expences and the bills drawn upon us signd singly by yourself, wch. we are not now much concernd for, as having some time agoe orderd Mr. Faucet to his place and Station at Vizagapatam which we have since and doe now still ratifye and confirm.

Just now at writing this we have recd. by peons from Metchlepatam dispatchd thence the 4th. Currt. with a letter of the ℘mo. of the same from Mr. Faucet only, with his acct. charges & expences from the 24th. August to the ulto. Novembr. last, amots.

in that time to Pag^s^. 426. 14. — and yor acco^t^. charges apart signd by yor. self for the months of August, September, & October last, amounts to Pag^s^. 32. 1. 3, this is like lighting the candle at both ends, and is such a heavy charge in so short a time as we are always pleasd with, because we did not send down M^r^. Faucet [to manage] affairs there seperate and singly by himself, but [joi]ntly and in concert with you, in his October expences we find [a b]atta of 3½ Rup^s^ ℘ diem paid the Subah of Golcondahs [Gusba]rdar, and the other Officers in proportion (whom we never [. . .)] to be a deep article, and ought to have been deducted [.... l]ast paid the Kings Gusbardar, who took so much pains [. . . . G]olcondah to solicite that Suba, & at last procurd [. . . .] those Officers whose batta became a heavy charge [....] cets acco^ts^. now rec^d^. by which his lavishness he seems [to have for]gotton his former allowance of 14 Pag^s^. ℘ month [. . . .] inted and limited to, during the time of his residence [at] Metchlepatam and that allowance including Dyet and [. . . .] &c^a^. excepting only the necessary & incident [. . . . .] ing peons with letters towards & backwards [. . . . .] and that place.

[. . . .] in his said letter [. . . .] ces, which you [. . . . joyntly] are [. . . .] this we would have you let M^r^. Faucet know, if he is still with you at Metchlepatam, he further says his said acco^t^. concludes on the 4th. of Novemb^r^. since when yor. seperate acco^t^. commences, thô yo^rs^. last sent us takes in the three months premisd, but yet M^r^. Faucet charges the expences of Pag^s^. 54. 11. 5 to the month of Novemb^r^. which we think strange in so little a time as the first four days of said month, copy of his said acco^t^. we would send you but that we have no spare hands to transcribe them, but they shall be sent you soon after this for your remarks on them to be returnd us when done.

Thô the Lord Zoudee Cawne's letters and orders have no force or efficacy upon the Government of Metchlepatam yet the Princes Nishan to the President ought fully to convince them, which orders the President to conform himself entirely to the orders & directions of the Lord Zoudee Cawne in all affairs relating to the Kings present, and whereas you advise us that they say nothing less than the Kings hosbull-hookum can send away the present by way of Bengall to Court, but did Moosaupheer Beeg the Kings Gusbardar bring any other warrant with him than a Dubash [. . . .] under the chop or Seal of Cawne Bahawdir, or [. . . .] Mahomud Yarbeeg the Phousdar or the [. . . .] Beeg joyn themselves together to oppose the [. . . .] Princes of the blood, and second son to King [. . . .] as this and the like nature at any time [. . . .] when there are so great troubles as [. . . .] Golcondah, as renders it very hazard [. . . .] dize to travell those roads, which [. . . .] the Government will never be so [. . . .] upon the Factory to force the present [. . . .] must be accountable at their peril [. . . .] to send his letter to the Phous[dar . . . .] Metchlepatam, and its English [. . . .].

We have accepted yor. bill of Exch^a^. [. . . .]. Wee are

Yours of the 8th. Curr^t^. we rec^d^. on the 11th. after which hath not much in it for us to answer, only we think you have drawn largely upon us at once, this being now the dead time of the year, when our revenues slacken and come in but slowly however we cannot be angry when urgent necessity forces, and we have therefore accepted your bills, and are this day paid as directed. N°. 110

We can by no means gratify your Merchants by indulging them to bring in their cloth short in measure of which the Compª. complain so much, and therefore would have you keep up your Merchants to the establishd Standard of the full lengths and breadths of all Contract cloth of their severall species excepting only upon the dispatch of any ship to fill up any small vacancy of Tonnage, rather than goe home not full laden, in which case necessity must excuse you.

We hear so well of the diligence and sobriety of Mʳ. Turner that we order and appoint him to be your Secʳʸ. in the place of Mʳ. Scarlet deceasd, and thô it be something too [much] for his standing, and so young in age, yet his merit [. . .] the former, and if he lives the latter, will gradually [. . .]encrease to more maturity.

We are advisd the Susanna & the Sherborne in [. . .] the Des Bouverie will be sent us up hither [from] Bengall, the two former with Saltpetre and stores [. . .] with 250 Tons of goods proper for England.

Sʳˢ.

No. 111 Yours of the 30ᵗʰ. last month by Mʳ. Henning on the parr we recᵈ. the 10ᵗʰ. Currᵗ. being Sunday, we take notice that our next former letter to this of the 29ᵗʰ. Septembʳ. last overland, was not come to your hands, we are therefore apt to beleive they may have fallen into the clutches of Fuckerla Cawnes people, or some otherways miscarryd, for that we dispatchd that packet to our people at Metchlepatam by their returning peons in hopes they might have found Cunsum Lingana who promisd to stay there some dayes upon his own buisness, but in failure of him we orderd Messʳˢ. Faucet and Noden to forward them to you by fresh peons, that packet containd an originall letter of Fuckerla Cawnes to Mʳ. Holcombe with severall other papers as likewise bill of Exchange of Mʳ. Raworths drawn on Mʳ. Hastings on the Compªˢ. accoᵗ. payable to the Chief & Council there copy of said letter with the severall inclosd papers comes [herewith] and wish them a better fate than the former.

You seem now to beleive because you [. . . .] Mʳ. Holcombes own Seal and not the C[ompany...] obligation, tho' by your former letters you a[. . .] trary, which is agreeable to the message sent [. . . .] if true and sincere which leaves room for d[oubt . . . .] others that he only ask'd 2000 Pagˢ. in [. . . .] he would show the bond with the Com[pany . . .] you a month or six weeks for [be . . . .] that money, and what argument [. . . .] used (to whom you are obligd) for pers [. . . .] Rajahs proposalls, yet 'twas no more th[an . . . .] were so urgent with us to doe, by your [. . . .] letters, and that at all hazards [. . . .] consideration, tho' all the matter [. . . .] between your selves and Fuckerla [Cawn . . .] accept [...] without any intent [. . . .] of friendly argument with that Depᵗʸ. Nabob, and gaind you time untill you could be assurd of the real truth of that whole matter and tho' you doe not advise us yet we have it from other hands yᵗ. his demands are about Pagˢ. 6500.

It's matter of wonder and amazement to us, that you having long agoe foreseen the troubles that are since come upon your place by Fuckerla Cawnes having laid close seige on the 8th past and the next day after begun acts of hostility, by firing his great guns upon your Factory, that you should not have provided yor. selves with stores of provisions, eatables being as essentially necessary to a Garrison as ammunition &ca. warlike stores can be or that you have not wrote to the President & Council of Bengall to supply you with what you wanted, they being better able to doe it here than we hence against the monsoon.

Now you have time to make your sad reflections upon yor. own unwary actions is sparing your then covertly now yor. open enemys, so much powder and lead as your Diary entrys mention which we have read with great astonishment, but in all your Consultations which are but few, not above one or two in a month no mention is made of yor. accot. Customs &ca. Revenues, which is [...] tho' have had complaints brought us of great exactions [of] the people that frequent your Port, and now lately by the people of the parr that arrivd here the 10th. Currt. who say that [ha]ving 3 chests & one bale of paintings on board being Metchlepatam goods belonging to Aga Peera & Aga Mookeem two venerable Merchants of this place, and the parr bound [...] by wind and Currant drove to Vizagapatam at [......] thô they made no sale of goods there because qsd[...] aforesaid respective Proprietors here, yet Juggapa sent the [pe]ople on board said to be by your order, and with them two [you] who broke open said chests to view and value the goods [...] them pay the [Custom of Pags.] 32. 15. 60 on the whole [...] Pags. 21. 2. 20 is [the Custom upon] the paintings, and we have no Certificate to show for the same, as we [. . . .] doe here between this place and Fort St. David [...] wrote you in our former of the [. . . . .] matter be plainly and imp[artially . . . . .]true state of the ca[se . . . . .] which make up the Cheif & Council you have two Paymasters, the Cheif paying the head Servants himself once in six months, and Mr. Horden the rest of the peons and menial Servants, we wonder the Cheif should goe out of the beaten plain path practisd here into little bye ways of his own invention.

We have wrote by the Europe to supply you with the quantity of powder and lead you want to be sent you from Bengall.

The President by this conveyance writes to Fuckerla Cawne to desire him to send us up here some true and trusty freind or servt. of his own, in the nature of a Vackeel to be fully instructed in the business in contest between you and him, and that he be fully qualifyd with power sufficient to agree & reconcile all differences to a just satisfaction as the case in right and equity shall require.

With this we send you two paragraphs of our Consultations of the 11th. & 15th. Currt. which by the power and Authority of the Constitution of this Board we positively order and command to be immediately obey'd even whether matters are, or are not accomodated with Fuckerla Cawne without any excuse or delay of putting said orders in full execution, notwithstanding his Cas[te].

We doe permitt and give leave to Capt[...] come hither if his occasions require the same.

HON^BLE^. S^R^. &C^A^.

N°. 112 Since ours of the 11th. last month sent you overland advising the S^t^. George to have been safe arrivd at Gallee, copy of which comes herewith since when we have rec^d^. yo^rs^. of the 10th. & 25th. last month the former by the Gulston, the latter by the Sloop Adventure to the needfull of both shall now give answer.

Pray return to us all the lead you have that you cannot dispose of, with a reserve to yourselves of so much only as you shall have occasion for the use of the Garrison, the like we say of your Europe iron, which may be best done by some of the Comp^as^. ships, that may happen to be at your Port, the better to avoid paying freight which we hope to dispose of here at time to some profit.

The ship Hallifax's short Tonnage and damage of her goods here from Bengall shall be adjusted with that Captain so soon as he shall arrive from China but pray send us no more salted provisions of either beef or pork from your place untill we [write] for them, those last sent us upon the Hallifax proving [......] good for little or nothing as having been ill cured [. . . . .] which our Coopers here with all their art cannot re [. . . . .].

[The] present for the king, is still kept [...] detained in our [...] at Metchlepatam, by the Government notwithstanding [...] Zoudee Cawnes orders to the Officers and [...p]lace, but none so [...] greater stickler and more obstin[ate...] the present's going to Bengall then [. . . . .] Gusbardar even thô we have sent them attested Copys of the Princes Nishân to the President with those of Zoudee Cawnes Perwanna to D^o^. we will see in a little time more how this matter may terminate as having sent Zoudee Cawnes perwanna to the Suba of Golcondah some time agoe to whom those of Metchlepatam are subordinate, whose answer we impatiently wait for, and thô we had leave and permission, as we have not yet the present monsoon doth not favour its being sent to Bengall sooner than next Feb^ry^.

You say the presents in some of its particulars are extravagantly dear, as is usuall in what ever is bought up for Kings & Princes that very name and occasion riseing their value, but wee think such of us, as were not then of this Board are no ways, Accountable for what done before their time, and those that were do say they were bought by the Approbation of the then President & Council the embroiderd Cap in box N°. 74 was taken out of said box to prevent its being tarnishd, and to have been wrapt up in a cloth & deliverd to the care of Seropah formerly our Cheif Merchant, when y^e^. [. . .] present was at first designed to have been sent to Court [. . . .] Golcondah, with which the said Seropah was to [. . .] and that same cap with two English [. . .] pictures [. . .] intended in part of a larger present of the[. . .] President Pitt to Zoudee Cawne.

What ever letters Capt, Cornwall might have sent us when upon Zeloan yet we never rec^d^. here any one of them, thô' we have two of his from Bengall, and had he come here to this Port from Zeloan, we should not have putt him under any orders to us, but declare his ship to be out of the Companys Service, untill his ship had been first surveyd, fitted, and repaird, which we are sure could not be effected in this road, however if he comes here well repaird and the same attested we shall send him to the West Coast, if he has his compliment of men and thus much in answer to yours of the 10th. last month.

And to your subsequent of the [. . .] month we hope we shall not only attempt but make [. . .] and evidently appear we are no ways guilty of a [. . . . . .] materiall to the Companys interest as you said [letters blame us] with, for our [not] having sent you more of our bales, and not advising you [of the to]nnage we could dispatch hence for England, to the former [. . .] sent you upon the Des Bouvery & Susanna 300 bales was as much as we could spare you in consideration of the excessive and constant rains we have had in the months of April, May, June, July, August & September last contrary to the usuall hot dry seasons of said months in so much that the rains has hinderd our cloth to be brought into Town as that we could not employ our washers, as having nothing for them to doe, the countrys all about us being all a flood of water for some months, which putt us in a great concern how to lade home the Frederick, whom we expected to arrive here in October last from the West Coast being one of our last years shipping and consequently longest upon Demorage, and for that reason ought to be first dispatch'd for England, tho' she did not arrive here till the ℔ ^mo^. ins^t^. and hath ever since been much hinderd in lading her Charterparty petre & redwood by reason of the Surf that hath ever since for the most part run so high.

As to the other part of what you blame us for in not advising you what Tonnage we should be able to dispatch home this season.

We answer and say we did early on the 3^d^. of Jan^ry^. last [write to] the then Council of Bengall to advise us what Tonage they [thou]ght they could be able to dispatch home the next October following, and their answer of the 27th. of Feb^ry^. after told us they were in hopes to gett ready 12 or 1300 Tons, which made us send you so much shipping and large stocks so that the Company having the last year limitted us to £60000 Two and this year to £80,000 for this place and Fort S^t^. David, we should think that yourselves having much the greater part of the last and this years Stock consignd to yor. Presidency you should for that reason have first advisd us what Tonnage you could have sent home this season in performance of [wh]at the Council wrote us in their said letter of the 27th. of [. . .] last, and because we could not dispatch home the [. . . . .] who arrivd here from Bengall the 2^d^. of May last [. . . .] forcd to use our utmost to jostle out a Danes ship [. . . . . .] for by some free Merchants of [. . .] for a Voyage to China to make way for the Hallifax [. . . .] some thousand Pag^s^. more freight to Countervail [. . . . . .] greater part of her Demorage at a time when [. . . . .] wayes dispose of her.

And now upon the premises we leave it to any indiffer[ent] to judge whether what you blame us for was not rather par[r . . .] just.

What we wrote to Zoudee Cawne as being too plain was no m[. . .] not so much as what himself wrote us in his Perwannas relating to the encouragement of Trade in generall.

Copys of our former Phirmaunds and grants from the Kings and Princes of the country shall be sent you by Sea Conveyance as judging that most safe, the Originalls formerly sent to Bombay having been robbd by the way and so for ever lost. We are
